HOW TO CALCULATE THE GAOKAO ENTRY SCORE:

All students must provide their official final National College Entrance Examination result (Gaokao) issued by the **relevant Chinese provincial examination authority** in order for Monash University or Monash College to establish if you satisfy the Gaokao entry scores.

Monash converts the Gaokao entry score using the following calculation:

Your total score achieved in the Gaokao will be converted into a 100% scale by dividing your total

42nd

Monash University is ranked 42nd

scores achieved with the 2024 Gaokao maximum score* published by the Department of Education in China for each Chinese province. For example: if you achieved a total score of 555 in your Gaokao and the 2024 Gaokao maximum score for Guangdong is 750, then the percentage score on a 100% scale converted by either Monash University or Monash College will be 74%.

*The 2024 Gaokao maximum scores for each Chinese province are published by the Department of Education in China. Refer to https://gaokao.chsi.com.cn/z/gkbmfslq/pcx.jsp
