Excellence in International Student Experience

Excellence in International Education – TAFE

I was particularly drawn to study in Geelong because of its reputable education institutions, academic programs, facilities, and potential career opportunities in industries relevant to the region. Geelong offers a high quality of life, with access to beautiful natural landscapes, parks, and beaches. The city provides a balance between urban amenities and a more relaxed lifestyle. It's a very friendly, welcoming and supportive community with lots of cultural and recreational activities to engage in when I'm not studying.

My favourite part about studying at The Gordon is the hands-on experience in the kitchen supervised by great teachers. Practical cooking sessions allow me to apply class knowledge and theory to develop my culinary skills, alongside other students.

The comprehensive curriculum, experienced teachers, industry relevant training and learning environment that simulate real-world experiences have equipped me with skills necessary to excel in the culinary world.

I am confident the skills I'm developing will contribute to securing my dream job. I actually got my first job as a chef at a reputable Japanese restaurant in Geelong, after just 3 months of studying!
