Welcome from Our DVC

Dr Heidi Le Sueur

Deputy Vice Chancellor (Learning and Teaching)

Dear Future ICMS students,

Whether you are still at school and thinking about where you want to study, or if you are already working and striving towards your dream career; whether you are here in Australia or reading this from another country, it gives me great pleasure to share with you more about Australia's leading industry-focused higher education institution.

Within these pages you will find out more about our mission to support, mentor and empower you through your journey towards personal and professional fulfilment and what we offer to students.

You will read about:

- How our undergraduate and postgraduate degrees are designed with the most in-demand industries in mind, ensuring you have practical, relevant expertise and industry-specific insights necessary to excel in your chosen field.
- Why we believe in an active approach to learning and offer Work Integrated Learning (WIL), otherwise known as internships and industry training, as an integral part of every undergraduate and postgraduate program.
- Our ICMS graduates who are highly sought after by employers, well-prepared and equipped with the skills that employers are looking for, and fully prepared for the real-world challenges they will encounter in their careers.
- Our comprehensive Scholarship Program available to students to apply for and through which we are encouraging the passion and potential that is evident in our entire community.

This year has been an exciting one for us here at ICMS, especially with the launch of our new suite of Master of Business Administration (MBA) degrees. Alongside our established range of postgraduate and undergraduate degrees, our MBA program is specifically designed for future leaders who want to explore their full potential and unlock their full capabilities.

We are also proud to have a strong institutional focus on faculty scholarly activity, and we make sure that our lecturers' contributions are showcased for the benefit of all. Most importantly, the knowledge, practices and advancements from our Academics and Industry experts translates straight into our classroom for the value of our students.

As the world changes and new technologies emerge, it is essential that we stay up to date with the latest developments in industry. A feature at ICMS are regular Masterclasses with prominent leaders in their fields, extra-curricular workshops and site visits supported by our over 1000 Industry Partners.

ICMS considered the academic integrity response to artificial intelligence (AI) tools in 2022 and revised our academic integrity policies and procedures to ensure the integrity of our degrees. As our context is constantly evolving, we are staying up to date and will implement further meaningful measures as and when needed.

Our focus on active learning philosophies is in support of the ICMS value of providing a connected and engaged curriculum for our students - delivering a student experience that is both relevant and contemporary to the workplace.

Given that we have small classes at ICMS, we can respond swiftly and tailor our delivery to students' needs. As you will read in this publication, mentoring is part of our ethos and woven into the overall ICMS experience.

We look forward to welcoming you onto either one of our campuses – whether it be our Northern Beaches campus with the 'castle on the hill' overlooking gorgeous Manly Beach, or in our state-of-the-art City Campus in dynamic Sydney, NSW.

Australia's Business Capital

Sydney, one of the world's most liveable cities

Home to the iconic Opera House and Harbour Bridge, Sydney is one of the world's most attractive cities for international visitors. Ranked as one of the world's most liveable cities, Sydney is the gateway to Australia. Our world-class attractions, golden beaches, pristine national parks and unique cultural experiences make studying in Sydney an experience unlike any other.

Studying away from home is your chance to immerse yourself in a new culture, expand your horizons, make new friends and create memories that will last a lifetime.

Our campuses

From its origins in 1996 as a specialised management college, today ICMS has two campuses and more than 2300 students from around the world gaining qualifications in a diverse range of fields. One of our campuses is located on the beautiful Northern Beaches region of Sydney, including "the castle on the hill" in

Manly. ICMS also has a city campus in the heart of Sydney's CBD.

Culture

Australia prides itself on being the country of the 'fair go'. This means we value fairness and common courtesies. Waiting patiently for your turn in a queue and using 'please' and 'thank you' will go a long way with most Australians. Another popular Australian expression is 'no worries' because Australians are generally pretty laid back. We have a cheeky sense of humour and a relaxed attitude about most things in life. However, there is one thing that nearly all Australians are extremely passionate about – sport. If you talk to an Aussie about their favourite sport you could make a friend for life. Along with a thriving arts scene, beachside lifestyle, and cosmopolitan dining experiences, live sporting events are a large part of life in Sydney. The website sydney.com/events is a great resource for event inspiration.

Climate

Known for its blue skies and sunshine, Sydney has a mild and pleasant climate. Our mid-winter temperatures rarely fall below 10oC (50oF) while mid-summer temperatures can occasionally reach 36oC (97oF) with 22oC (72oF) the average.

Cost of living in Sydney

If you have never lived away from home, be aware there are lots of things, apart from your tuition fees, you need to budget for. The cost of living in Australia depends on many varying factors such as choice of accommodation, location and individual students' spending habits. Australia's Department of Home Affairs has financial requirements you must meet in order to receive a student visa and hence to cover the cost of living expenses in Australia. Our website icms.edu.au has helpful links about cost of living and includes a table that provides a guide to common expenses.

Generally, the cost of living in Sydney really depends on the lifestyle you lead. If you like extravagance you might spend a little more on luxuries, but for the more modest budget there are many free and low cost activities to enjoy in Sydney. As an outdoor city, Sydney has countless beaches, national parks, and sporting fields to keep you entertained without spending a cent.

Safety and security

ICMS is committed to providing a safe campus for students. At our Northern Beaches Campus, Managers on Duty are available 24 hours a day and are trained in first aid. ICMS also has specific first aid staff and offers a free shuttle bus that runs to and from Manly.

ICMS is committed to providing a safe and healthy place of study and work for all students and staff, including freedom from sexual assault and sexual harassment. When you're at ICMS, we ask that you cooperate with actions taken to protect health and safety; seek information or advice from a staff member before

performing new or unfamiliar tasks; report all health and safety accidents, incidents and hazards as soon as is practicable; and follow emergency evacuation procedures.

Australia is generally regarded as one of the safest countries in the world. However, it is still important that you look after yourself if you are new to Australia. Overseas Student Health Cover (OSHC) is a requirement for international students for the duration of your stay in Australia and you can either arrange this yourself or ICMS can arrange this for you. Your Letter of Offer will have more information about this.

Think about getting private health insurance for those things that OSHC does not cover and consider travel insurance for things like missed flights and lost luggage.

You may also need Home and Contents insurance for your belongings or vehicle Insurance if you intend to have a car in Australia.

Getting around

The ICMS Northern Beaches Campus in Manly is located 17 minutes by fast ferry from the city of Sydney. The public transport system in Sydney includes ferries, trains and buses. The ICMS City Campus is conveniently located in the heart of the city close to Central Station, light rail and buses. The easiest way to get around on public transport is to purchase an Opal card (opal.com.au). This covers travel on combined forms of transport around Sydney, including trains, ferries and buses.

Working in Sydney

As an international student you are able to work in Australia for up to 48 hours per fortnight (two week period), with unlimited hours during ICMS vacation periods. ICMS international students completing their industry training placement are eligible to work full time during this training period as the work placement is a subject within their degree and does not have the same restrictions. For more information on your visa privileges, visit homeaffairs.gov.au.

Empowering Your Success

The International College of Management, Sydney (ICMS) is a leader in industry-focused education and offers university-level undergraduate and postgraduate courses.

What does success mean to you?

Everyone has a different idea of what success means to them. That's why we start with YOU. We'll walk beside you to create a personalised educational experience to ignite your career and mentor you to professional success.

Global business leadership

Like you, we recognise the importance of developing global professional expertise and business maturity. From professional attire to built-in industry training subjects, an ICMS education positions you for leadership in a rapidly changing world. That's one of the reasons why 100% of graduates are already employed when they graduate.*

Active learning

Nothing can prepare you for career success like active learning can. Our faculty have extensive industry

experience, high-level qualifications and a passion for helping you to succeed. ICMS degrees are designed to develop 21st Century graduate capabilities through applied learning experiences and work-relevant assessments.

It's a partnership

We believe that by partnering with you we all grow stronger. That's why our courses and student support services aim to build your collaboration skills, whilst encouraging independent self-management. When you study at ICMS you will become part of an empowering and nurturing community that values long-lasting connections; between students, lecturers, industry partners and alumni.

Your student experience

You're career-focused but you still want a memorable, fun campus experience. ICMS offers everything that you'd expect – such as sporting teams, student clubs, modern facilities and residence options. ICMS has two campuses; the iconic traditional sandstone Northern Beaches Campus, affectionately called the 'castle

on the hill' with sweeping views over Manly Beach; and the modern City Campus.

You could also choose to study online, where this option is available (limitations apply to online study for international students). Virtual classes offer the same small class sizes, individual attention and industry-focused education that you'd get on campus.

Your student experience at ICMS would be hard to beat anywhere in the world.

The Northern Beaches Campus

The Northern Beaches Campus
151 Darley Road, Manly 2095

From its origins in 1996 as a specialised management college, today ICMS has two campuses and more than 2300 students from around the world gaining qualifications in a diverse range of fields.

Fondly known as “the castle on the hill” (where the Hollywood blockbuster *The Great Gatsby* was filmed and where Nicole Kidman and Keith Urban were married), the ICMS castle is a Sydney landmark dating back to the 19th Century. The imposing structure dominating the northern Sydney’s beachside suburb’s landscape won worldwide acclaim when it was built by the Catholic Church between 1885 and 1889. The building, with its Gothic style and romantic central bell tower, holds a commanding position overlooking the azure of Sydney Harbour and the Pacific Ocean. The entire estate covers 20 hectares of parkland. The campus is a five-minute walk to the famous Manly Beach and Manly’s CBD, which is well known for its shopping precinct, cafés, restaurants and beachside lifestyle. A few minutes’ walk in the other direction will lead you to the foreshores of the harbour. There are harbourside bush walks to explore, extending more than 50 kilometres north and south. ICMS is also close to access points to Sydney city – it’s a pleasant 17 minutes by fast ferry from Manly ferry wharf.

Learning options

Lectures are held at the Northern Beaches Campus for the following courses:

- Diploma courses
- Bachelor degrees
- Graduate Certificate courses
- Master’s degrees

Facilities

From entertainment options to an onsite restaurant to learning support, the Northern Beaches Campus has all you need for a complete education experience.

- Accommodation
- Bar
- Kitchen and canteen for on campus students
- Courtyard cafe (open to public)
- First Aid Room (Manager on Duty’s Office)
- Reception
- Computer laboratories
- Library
- Student Success Centre
- Sports, tennis and basketball courts
- Free Wi-Fi

Getting there

The Northern Beaches Campus is in one of Sydney’s favourite beachside suburbs so there are plenty of ways to travel in, out and around Manly. Regular transport services to the campus are available via Sydney ferries, buses and taxis.

On foot: The Northern Beaches Campus is a 5 – 10 minute short stroll from the Manly Village CBD.

By bus: ICMS runs a free regular shuttle bus service during teaching weeks for ICMS students from the main Manly precinct up to the campus. Sydney buses operate regularly around Manly.

By car: Free parking is available on campus for our ICMS students and visitors.

By ferry: The most scenic way to travel to this campus is by ferry. Fast ferries travel between Manly and Circular Quay in the CBD and take just 17 minutes each way. Or you can take a little more time to enjoy the view. The normal ferry service leaves approximately every half hour from Circular Quay (Wharf 3) or Manly and takes 30 minutes. Visit the Manly Fast Ferry and Transport NSW websites for more information.

The City Campus

The ICMS City Campus is located in the beautiful Manning Building, right in the heart of Sydney's business district. The area boasts the highest residential density in Australia and is one of the liveliest precincts in the Sydney CBD. The building is close to World Square Shopping Centre and is only a few minutes walk from great transport links via train at Central Station and a nearby Light Rail (tram) stop at Capitol Square. A short walk will take students to the entertainment areas of Chinatown, Darling Harbour and Barangaroo Waterfront, all offering endless options for eateries from cafes and bars to world-class five-star dining - and everything in between.

The Manning Building has high historic significance and is an important building to the City of Sydney. The facade dates to 1892 and, at the time it was built, made a significant contribution to the surrounding precinct, including the recently restored Capitol Theatre, which is in the same block.

Internally, the Manning Building has been extensively modified and renovated. Entering through the impressive lobby, students have high security access to state-of-the-art facilities. Lectures are offered on the 4th floor in ICMS' contemporary training and executive education centre, which showcases a vibrant and innovative learning environment, with expansive classrooms,

modern study areas and an abundance of natural light, as well as complimentary refreshment facilities.

Studying at the ICMS City Campus, within the heart of Sydney, offers students the most exciting start to a successful business career.

Learning options

Lectures are held at the city campus for the following courses:

- Graduate Certificate courses
- Master's degrees
- Bachelor of Business
- Diploma of Business

Certain core business subjects offered within other diplomas and bachelor degrees are offered at this campus, subject to availability.

Facilities

The City Campus has a small collection of useful resources for students as well as many study areas suitable for quiet study or group work.

Alternatively, large public libraries nearby include:

- State Library of NSW - Monday to Friday from 9am to 8pm
- Customs House Library (opposite Circular Quay wharves) - Monday to Friday from 10am to 7pm

You may bring your own food to eat in the dining area on level 4. There are also several cafes within walking distance of the campus.

You will be given an account to access the Wi-Fi network before classes begin.

Getting there

By train: From Central Station exit towards Eddy Avenue to the north. Cross over Eddy Avenue and walk through Belmont Park. As you exit the park, you will see the historic brick building diagonally across the road on the intersection of Hay Street and Pitt Street.

By light rail: Light Rail stops next to the Capitol Theatre in Capitol Square.

By bus: The nearest stops are: Pitt St near Campbell St, Hay St near Pitt St and Pitt St near Eddy Avenue.

Parking: We suggest parking at Market City Car Park or Goulburn Street Parking Station.

Level 4, 451 Pitt Street, Haymarket 2000

We Mean Business

ICMS is Australia's leading industry-focused higher education institution. Here's why...

Built-in industry experience

At ICMS, we believe that the best way to learn is by doing. That's why we make sure that all our students have the opportunity to gain real-world, hands-on experience in their chosen field before they graduate.

Work Integrated Learning (WIL) subjects are built into every undergraduate and postgraduate degree offered at ICMS. This means that while you are studying, you have time within your degree to experience up to 600 hours of real work experience with an ICMS industry partner.

You don't have to organise your own internship; the ICMS WIL team prepares you and places you in an internship tailored to help you meet your career goals.

ICMS has been doing this for a long time and the results show in our graduates' successes: 1 in 3 ICMS graduates secure a job at their WIL placement company*.

Industry relevant degrees + authentic assessments

ICMS has programs in the major economic growth areas which gives you access to sustainable careers. Designed in collaboration with industry leaders, the wide range of undergraduate and postgraduate degrees offered by ICMS ensures students gain the practical expertise and industry-specific insights necessary to excel in their chosen fields.

Part of providing you with the tools and skills you need to succeed in the workplace is ensuring that assessments are authentic, giving you the chance to work on real-world projects. You will gain hands-on experience and learn industry-relevant tools, like EventsAir for Events students, Wordpress for Marketing

students, and Xero accounting software for Accounting students.

Industry faculty

ICMS lecturers are not only experts in their academic fields, but also have real-world industry experience. This means you get the best of both worlds: theoretical expertise and practical knowledge all in one comprehensive learning environment.

Regular site visits and ICMS Masterclasses are opportunities for students to engage with industry leaders and immerse themselves in industry settings. ICMS TV and ICMS WeMentor (on TikTok) are platforms designed to bring industry perspectives and content to students at their convenience.

Courses are also kept up to date by reviewing them regularly and collaborating with Industry experts. This ensures that ICMS graduates are well-prepared and equipped with the skills that employers are looking for, fully prepared for the real-world challenges they will encounter in their careers.

Professional approach

At ICMS, we believe in treating you like the industry professional you are from day one. Students are encouraged to wear professional or business attire to class and on campus as a way to prepare for your future workforce.

ICMS students have access to a range of resources to support them on their journey towards professional and personal fulfilment. The ICMS Professional Development Lab has, in one curated area of the ICMS website, all you need to know about WIL, there is a Jobs Board where you can view career opportunities or find work while studying, a Mentor Connector space where you can make contact with a mentor to guide you towards your goals, access to the ICMS Academy for non-accredited or external training to round out your studies,

connect with ICMS Alumni or find out more about Study Tours available.

High employability rates

With degrees tailored to meet current industry demands, ICMS graduates are highly sought after by employers.

It's why 100% of March 2023 ICMS graduates already had a job before they graduated*, and why ICMS' full time employment rate tops Australia's best ranked universities**.

What sets ICMS apart and enables the higher education institution to punch above its weight in terms of graduate employability rates?

It could be because of the ICMS The Professional Mentor ethos which aims at supporting students from the beginning to the end, and beyond, of their journey with ICMS.

It could also be because the syllabus of each degree is particularly geared towards those who are seeking to make a real impact in their field, by pushing boundaries and challenging the status quo. The courses are designed to prepare graduates for success in rapidly changing industries, giving them the skills and knowledge they need to thrive.

*Graduates who are engaged in or available for work (In the Labour force). Internal March Graduate Survey 2023. Please note that the employment statistics provided in this article are based on a survey of graduates who are in the labour force and have completed the survey. This excludes individuals who are not in the labour force, including those who are unable to work, as well as those who choose not to work.

** QILT Survey 2020. ICMS' graduate employment of 73.9% is better than both Australian National University (ANU) at 71.3% and the University of Melbourne, measured at 61.1%. ANU was ranked the top Australian university in the 2021 QS World University Rankings Survey, and the University of Melbourne was the top ranked Australian university in the Times Higher Education World University Rankings 2021. Whilst ICMS was not part of either of the above ranking systems, it can be compared like for like with universities and colleges across the country in the QILT survey, which is funded by the Australian government.

Your Classmates

A large group of diverse students, both male and female, are posing for a group photo outdoors. They are dressed in semi-formal attire, including blazers, shirts, and ties. The students are of various ethnicities and are smiling at the camera. In the background, there is a large, historic stone building with arched windows and a flagpole flying several flags. The scene is set in a lush, green environment with trees and flowering bushes.

ICMS is not just a college, it is a community. With over 2,300 students from more than 55 countries, our student population is smaller than most universities. This is the perfect environment for meeting new people and forming lifelong friendships and professional partnerships.

Your Support Network

“Whether it was a lecturer who regularly checked in on me during a difficult assessment or time in the Student Success Centre (SSC) receiving academic or emotional support (or both), my appreciation of the environment fostered at ICMS cannot be stressed enough.”

Stephanie Macourt

Bachelor of Property (Development, Investment and Valuation) Graduate

The ICMS community prides itself on being more personal than larger higher education institutions. We want you to succeed so we support you with an extensive range of services and facilities.

Learning and english assistance

ICMS offers a wide variety of academic support services for students. Our Student Success Centre (SSC) has academic advisers who will help you to develop your academic skills and prepare you for the cultural change to tertiary student life. It has a specialised ESL advisor to help support students and a numeracy adviser who offers support in numeracy subjects. The SSC is open from Monday to Friday every week of the ICMS trimester. In addition, the SSC also provides individual support and provisions for students with special academic needs. We can assist you with effective study and

exam preparation techniques, time and stress management, academic writing, oral presentations, and English language support (written, spoken and comprehension). Learning support can help you to reach your full academic potential.

The SSC also runs a Peer Assisted Learning Service (PALS). High performing students assist others in specific areas of their studies. Be it helping a student to grasp a key concept or steering them in the right academic direction, our PALS mentors give up their time voluntarily to ensure students succeed at ICMS.

Library – Pollard Resource Centre

The Pollard Resource Centre is home to your ICMS library. It is equipped with computers, books, journals and audio visual materials. Quiet areas and rooms dedicated to group study and meetings are also located in the Centre. Our highspeed printer/photocopier/scanner is available for student use.

Most importantly the library provides access to the college's impressive collection of electronic resources, including hundreds of thousands of e-book and e-journal titles from internationally respected publishers. Our friendly library staff will help you to use these resources efficiently for your assignments.

Personal support

ICMS remains committed to the physical and emotional health and well-being of our students. We all need help from time to time. The ICMS Wellness Team provides appropriate guidance and personal support to our students if and when it is needed. If you feel overwhelmed at any time, or a personal problem arises, you can speak to our Wellness Team who can help you or guide you in finding appropriate help.

Student Representative Council (SRC)

The Student Representative Council (SRC) strives to improve and maintain the quality of student life for the entire student body. The SRC is elected by peers and acts as an advocate for the student body with the SRC President holding a position on the Learning and Teaching Committee. The SRC also works with our Student

Experience Team to organise a range of social activities, including major events such as our College Icebreaker. Throughout ICMS trimesters, the SRC also holds regular events for students to enjoy.

Residential leaders

Our Resident Leaders (RLs) are senior student leaders who live on campus and provide support to all ICMS students throughout their time at ICMS. The RLs are trained to offer support and advice on a range of day to day matters, including emotional support, student comfort, safety and behaviour. They have undergone training to provide mental and physical first aid and emergency response. They are also your student voice and can help you to resolve any issues about student life on campus.

Safety and security

ICMS is committed to providing a safe campus for students. Our managers on duty are available 24 hours a day and are trained in first aid. ICMS also has specific first aid staff and offers a free shuttle bus that runs to and from Manly.

Your Place

Where to live in Sydney

Accommodation

Staying in ICMS student accommodation is the ideal way to immerse yourself in student life, make friends and stay connected with all that the college has to offer.

ICMS students have exclusive access to a range of convenient and fully-furnished accommodation options in one of Sydney's most desirable neighbourhoods.

Whether you are looking to stay in Manly's iconic 'castle on the hill' or prefer the independence of a self-catered off-campus residence, the ICMS accommodation team can guide you on your options.

Explore student accommodation options both on and off-campus.

On-campus accommodation

Moran House
Moran House is one of Manly's oldest heritage buildings and is fondly known as the 'castle on the hill'. The iconic sandstone building has one of the world's most spectacular views, overlooking several beaches and within easy walking distance to beaches, shops, cafes and nightlife.

Kelly House
The largest of the ICMS student accommodation options, Kelly House is conveniently located alongside Moran House and, like Moran House, has one of the world's most spectacular views, overlooking several beaches and within easy walking distance to the beaches, shops, cafes and nightlife of Manly.

2023 Accommodation rates (2024 rates will vary)

The fees for on-campus accommodation are as follows.

Room Type	Weekly Rate*
Single	\$516
Single View	\$549
Bunk Style Room	\$385
Triple Room	\$436
Quad Room	\$436

*Rates shown here are weekly. There is a minimum stay of 1 Trimester. (A typical study period is 13 weeks and students are welcome to remain on campus during the holidays/breaks). Rates are expressed in Australian dollars AU\$ and may be subject to change.

Off-campus accommodation

Claremount Beach House
Claremount Beach House offers students the perfect balance of independence, while still enjoying all the benefits of a college-managed residence. In the bustling heart of Manly and a short walk to the beach, this female-only, self-catered residence is ideal for students seeking an off-campus accommodation experience.

- No parking
- Meals not included (self catered)
- 24 hr CCTV and 24hr staff on call
- Weekly cleaning of shared facilities by ICMS housekeeping.

2023 Rates*
6 months:
Single Standard Room
(per week); \$467. (6 x available)
Single *Premium Room
(per week); \$494. (8 x available)
Single *Premium Room
(per week); \$439

12 months:
Single Standard Room
(per week); \$374. (6 x available)
Single **Premium Room

*Rates shown here are weekly. There is a minimum stay of 1 week. Both undergraduate and postgraduate degrees have a term of 13 weeks and students are welcome to remain on off-campus accommodation during the holidays/breaks). Rates are expressed in Australian dollars AU\$ and may be subject to change.
**Premium: Larger room with double bed.

Wanganella House
Wanganella House provides independent students with a comfortable, safe and spacious home away from home. This is a self-managed shared house located in the quiet, leafy neighbourhood of Balgowlah, just a short bus trip from the Northern Beaches Campus.

Rooms vary in price from \$303 per week for a Single Standard Room to \$363 per week for a Single Premium Room, excluding \$30 p/week for outgoings (water, electricity and gas), based on a 6 or 12 months lease.

Mastering the Art of Industry Connections

ICMS Masterclasses are held on campus regularly and offer invaluable opportunities for students to engage with their preferred industries, establish connections, and learn from industry leaders.

Via the Q&A type panel discussion, students are able to pick the brains of the best – find out how they established themselves, built their brand, and listen to advice offered on how they can do the same.

Professional development is valued and enhanced through these offerings, all essential for enhancing employability and career progression post-graduation. With ICMS Masterclasses, students can stand on the shoulders of giants who have paved the way before them.

Some of the recent Masterclasses have included:

- **Masterclass in Fashion Start-up:** Sophia Kim (Founder Siempre Golden)
- **Masterclass in Tourism:** Steve Cox (CEO Destination NSW)
- **Masterclass Panel in Entrepreneurship:** Darryl Courtney O'Connor (ICMS Founder), Fernando Motti (Motti + Smith Founder), Caspar Schmidt (Founder and Managing Director at QCC Collection Group),

- and Nandeeta Maharaj (Founder at Goods 4 Good)
- **Masterclass in Fashion Business:** Pip Edwards and Claire Tregoning (P.E. Nation Co-Founders)
- **Masterclass Panel in Sports Management:** Samara Govender (Senior Brands Partnerships Manager at Football Australia), David Boyle (High-Performance Manager Officiating at National Rugby League), Andrew Fraser (Founder/Owner/Director of Sunstar Entertainment), Josh Hussey (Athletes for Life, Director)
- **Masterclass in Hospitality Management:** Marilyn Anecchini (Owner of Pili at Freshwater)
- **Masterclass in Emotional Intelligence:** Eric Miller (Leadership Coach)
- **Masterclass in Hospitality Leadership:** Neil Perry (Restaurateur and Celebrity Chef)
- **Masterclass in Fashion Industry Leadership:** Alex Perry (Founder Alex Perry)

“I’ve connected with many of my lecturers on LinkedIn and they become part of your network. They carry a wealth of knowledge, and it helps you to ask helpful and targeted questions in class that draw on their experiences which allows for an interactive and insightful time.”

Ji-Hye (Jiji) Park
Bachelor of Event Management

“With the help of WIL, I knew I’d get the relevant experience needed to place myself in an advantageous position when I apply for jobs in the competitive job market.”

A mentorship ecosystem geared towards helping students achieve their personal career goals, relevant work experience and support from enrolment through to graduation is what Bachelor of Event Management student Ji-Hye (Jiji) Park took from her International College of Management, Sydney (ICMS) experience when she graduated in 2022.

“My overall ICMS experience was one that was personalised to me. ICMS considered my life outside of my studies and tailored my studies around my other commitments. I believe I was able to work, travel and spend time with friends and family during the most exciting years of my life without any delay or disruption to my studies,” Jiji, an Australian-born Korean, said.

“I’ve had my WIL facilitator Marion who mentored me with my work experience. She has kept in touch with me throughout my entire degree. Phil, who was my student advisor when I started ICMS, also gave me

an internship position at ICMS and is now my manager. The saying that ‘our connections are your connections’ is definitely true and you won’t fall through the cracks here at ICMS.”

Jiji describes the decision to study at ICMS as an “easy decision”. She had a clear idea of what she wanted to do after studying – work in events – and the ICMS Bachelor of Event Management provided a clear path to achieve this goal.

The Work Integrated Learning (WIL) aspect of every degree at ICMS was an important attraction, where each student is placed, by a dedicated team, in an internship role that will give valuable practical experience to supplement academic skills and knowledge.

“Industry training has been one of my highlights during my time at ICMS. The WIL team are in regular communication with you to understand your direction and work tirelessly to help you find suitable work

experience,” she said.

“With the help of WIL, I knew I’d get the relevant experience needed to place myself in an advantageous position when I apply for jobs in the competitive job market. I had two marketing and events experience under my belt even before my graduation and I felt confident about my employability when I go out into the real world.”

‘Heading out into the real world’ is the ultimate goal of every student. At ICMS, from application to graduation, faculty and staff are purposeful in their mission to guide students towards this goal. This was Jiji’s experience from the start of her student journey at ICMS.

“Soon after submitting my application, I received a call from a friendly team member, Phil, who was my student advisor at the time. He was quick to respond and gave me timely messages for the next steps. He created a timetable that worked around my

schedule and despite enrolling on week 1 of classes, I was in the classroom before I knew it. Unlike traditional universities, I had my own advisor to guide me throughout the process and even someone to greet me and show me around on the first day of class.” Through her three years of study at ICMS, Jiji found lecturers approachable and willing to engage, to share their knowledge as industry leaders and to inspire as well as support students.

“All the ICMS lecturers are personable and easy to reach. They deeply care for your future and will often help you outside of their working hours to respond and support you,” Park said.

“I’ve also connected with many of my lecturers on LinkedIn and they become part your network as well. They carry a wealth of knowledge, and it helps you to ask helpful and targeted questions in class that draw on their experiences which allows for an interactive and insightful time.”

Regular guest lecturers added depth to Jiji’s understanding of Event Management, and one such lecturer opened her eyes to the career possibilities open in her chosen field.

“In one of our Event Management specialisation subjects there was a guest Event Manager who shared their experience of managing multiple bands and artists on world tours. It was inspiring to see how diverse the Event Management industry can be. People immediately think of ‘weddings’ or ‘festivals’ when an event manager comes to mind, and while it can be those areas, the events scope is much bigger than first thought and it opened my eyes to different job prospects with an ICMS Event Management degree.”

Jiji graduated with an ICMS Bachelor of Event Management in 2022.

“Over the past couple years of studying, along with my experience from WIL, I have grown a great interest for events

management and marketing and would love to get stuck into the industry to expand my skillset and knowledge,” she said.

“I’d love to find a position that brings value to others, challenges me and one that I can keep growing in. I love to spend quality time with family and friends but I also love to work. My goal would be to find a position that allows me to fulfil my potential whilst also having the time for those around me.”

Jiji park’s top tips on how to ace a job interview:

- Be yourself but don’t go in unprepared.
- Do some research to understand company values and culture and have questions ready to ask.
- Display an attitude of humility to learn, yet be confident in what you can offer.

over 1000 Industry Partners

The International College of Management, Sydney (ICMS) has worked with over 1000 industry partners, a milestone that places ICMS at the forefront of industry-focused higher education in Australia.

ICMS is located on the Northern Beaches, NSW, just outside Sydney, but work experience through industry partners can take students abroad. Long term partner, Walt Disney World Resort in Florida has hosted over 70 students over the years.

Closer to home, Northern Beaches Council has hosted 12 students, Lakeba Group - 24 students and Novotel Sydney Manly Pacific - 30 students.

"Reaching this milestone speaks volumes about how serious we are about working with industry partners to ensure our students are leaders in their fields and highly employable," ICMS CEO Rowan Courtney-O'Connor said.

"Thank you to all our industry partners over the years for partnering with us as we shape the leaders of tomorrow. We appreciate your

support, your investment in our students and your willingness to mentor within your organisations."

ICMS offers undergraduate and postgraduate degrees in disciplines ranging from sports management, international tourism to hospitality, events, fashion and global brand management, property management, business and more.

With industry partners crossing the spectrum from global events agency Clevents, the world's largest commercial real estate and

investment company, CBRE to the Sydney International Convention Centre (ICC), the Football Federation Australia (FFA) and Sydney based Australian Rules Football team, GWS Giants, ICMS students are given the opportunity to be at the coalface of the industry of their chosen discipline.

Industry partners, both in Australia and abroad, offer ICMS students the opportunity to complete the Work Integrated Learning (WIL) subjects built into each degree. The ICMS Industry Training placement entails working for up to 600 hours for

undergraduate degree students. This is an opportunity for students to prepare for their future professional career by gaining relevant experience in their chosen industry, learning skills required and gaining valuable contacts and networks.

For many students, these internships translate into employment post-graduation, with a survey revealing that 38% of graduates were still employed by their WIL placement company after their placement officially finished.*

The strong relationship ICMS enjoys with industry partners contributes greatly to the high graduate employment rate. In fact, every member of the cohort that graduated at the ICMS March 2023 Graduation Ceremony were already employed by graduation.*

Bachelor of BUSINESS

Business continues to be one of the most popular qualifications – and for good reason. A qualification in business equips graduates with universally sought-after skills and offers opportunities in so many diverse roles and industries.

The Bachelor of Business is ideal for those who want to make a tangible contribution to the success and growth of a business, push boundaries and challenge the status quo. Designed to position students for a successful career as professionals in any industry, this is a qualification with a focus on future-proofing you for adaptability in a rapidly changing world.

Whether you chose to stay local or are ready to go global, a degree in business can fast-track your climb up the corporate ladder in any sector.

DEGREE STRUCTURE

In addition to facilitated theoretical subjects, experiential learning is a foundation of this course. As such it is designed to provide learners with practical work experience which is undertaken over two subjects (and two study periods) WIL201A and WIL301A. This equates to a minimum of 600 hours of industry experience and 180 hours of self-study.

Note: One study period is equivalent to one trimester of study (1 orientation week and 13 weeks of subject delivery and assessment). The accredited full-time study load is 3 years. There are normally a minimum of two weeks holidays after each study period.

SAMPLE STUDY PATTERN

1ST YEAR	TRIMESTER 1 (13 WEEKS) - 4 subjects taken
	TRIMESTER 2 (13 WEEKS) - 4 subjects taken
	TRIMESTER 3 (13 WEEKS) - 4 subjects taken
2ND YEAR	TRIMESTER 4 (13 WEEKS - 300 hours) - work integrated learning
	TRIMESTER 5 (13 WEEKS - 300 hours) - work integrated learning
	TRIMESTER 6 (13 WEEKS) - 4 subjects taken
3RD YEAR	TRIMESTER 7 (13 WEEKS) - 4 subjects taken
	TRIMESTER 8 (13 WEEKS) - 4 subjects taken

Note: The course information in this brochure is indicative of a sample study pattern only and is subject to change. Enrolled students will be made aware of changes to their course structure or subjects. Not all subjects are offered every trimester. The Academic Consulting Office can assist you with subject selection and structuring your course. A typical full-time study load is between 6 and 8 subjects per year (an equivalent to 24 credit points).

SUBJECT SNAPSHOTS

BUS101A Pathway to Success

This subject takes a holistic approach in supporting you on your pathway to success. It focuses on supporting your smooth transition into the college and developing your academic skills and performance, so you can maximise success in your chosen program. Through engaging classroom activities, you'll get to test out your growing informational literacy and interpersonal skills; using them to clearly communicate to a given audience both orally and in writing. Towards the end of the subject, you'll focus on what lies ahead; developing an employability toolkit which will help you enter and succeed in the professional workplace.

MGT101A Management Solutions for a Changing World

This subject is an engaging and informative introduction to the disciplines of business and management. It introduces key perspectives and debates from a range of fields that inform the study of business and management while explaining the complexity of issues that shape contemporary business and management practices and future directions.

The focus is on managing groups and motivating staff, managing human resources and employee relations, strategic management and planning, leadership, decision-making, and international perspectives of management – all of which will be grounded in different management theories.

MGT102A Global Citizenship

Like many other countries, Australia has witnessed a growing population with people from a range of cultural backgrounds living and working in the country. Therefore, it is essential that leaders in modern-day business settings are equipped with skills and strategies to effectively manage this increasingly diverse workforce.

This subject is designed to expose students to some thought-provoking research and concepts on cross cultural communication and management; identified as one of the key competencies in business management today.

Students will explore and develop strategies on how to become a culturally competent global citizen whilst recognising the strengths and limitations of their own culture and behaviour in a global business environment.

Bachelor of Business (ENTREPRENEURSHIP)

As leaders in the business and corporate world, entrepreneurs know how to look at things differently, to identify opportunities and balance calculated risk with the potential rewards.

Entrepreneurship is a skill that can be taught. As an entrepreneur you'll challenge convention, disrupt the status quo and seek solutions where others see none. You'll need to be energetic, goal oriented and driven - not afraid to chase your dreams.

With entrepreneurial skills you could become founder of your own start-up, be part of a larger organisation driving change, or simply create a balanced lifestyle where you choose to work on things that light you up, that motivate you and where you get to live by your own rules.

The Bachelor of Business (Entrepreneurship) is designed to position you for success as an entrepreneur in any industry, with a focus on future-proofing you for adaptability in a rapidly changing world.

Intreprenuer	Office Manager	Business Manager
Director of Innovation	Director of Development	Director of Capital and Growth

SUBJECT SNAPSHOTS

ENT101A Entrepreneurship Foundations and Mindset

The subject aims to introduce the theory and practice of entrepreneurship, the characteristics of entrepreneurs, and the “mindset” of entrepreneurship in individuals and organisations. Students can gain an overview of the lean business start-up process, assess their own “mindset” for entrepreneurship and map out their journey to develop their mindset and skillset as entrepreneurs. The aim of the subject is for students to learn about themselves as people and thus identify what type of entrepreneur they would be.

ENT202A Entrepreneurial Business Model and Launch

In today’s competitive world, business success depends increasingly on the ability to innovate. Business leaders are already recognising the importance of how creative practice and process can improve product and service development and design thinking in shaping business strategy.

This subject focuses on the importance of innovation and creative thinking in achieving business success. Innovation is not an end result. Rather, through creativity and foresight, it is a way of thinking that enables individuals and organisations to more effectively define critical problems, possible solutions and foster positive change.

The ultimate goal is to provide a set of proven creativity methods, skills and strategies that enable innovative breakthroughs to occur in a deliberate and predictive manner.

ENT301A Funding and Financial Modelling

Many start-ups fail because aspiring entrepreneurs do not grasp the funding and financial modelling.

In order to successfully pitch to investors and Venture Capitalists (VCs), it is important to establish a strong business organisation that projects growth. To do this, it is crucial that the budding entrepreneurs can manage finances effectively by creating a financial model that allows them to make a profit and plan for growth.

The subject aims to help students understand the financial decision-making process largely from the point of view of the founder of an entrepreneurial venture. Students will learn to apply corporate finance tools and concepts related to modelling, valuation, control, and investment decisions within an entrepreneurial context. They will use cases with firms at different stages of their life cycles from initial angel or venture capital investments through exit decisions. Finally, students will explore new developments in entrepreneurial finance such as crowdfunding and early liquidity provisions.

Bachelor of Business (FASHION AND GLOBAL BRAND MANAGEMENT)

DEGREE STRUCTURE

The Bachelor of Business (Fashion and Global Brand Management) is designed to equip you with business knowledge, as well as specialist fashion, brand and retail skills in a global environment.

The degree, with specialised knowledge of fashion business, builds an adaptable blend of operational, strategic and creative skills relevant to this dynamic and rapidly evolving industry.

The competencies obtained in this course, while focused on the fashion retail category, are also relevant to the increasingly important role of brand management. This degree will equip you with a differentiated, flexible skill set and a global perspective.

Two trimesters of industry training in your second year will not only enhance your understanding of the fashion and global brand management theory, but will give you the practical experience and networking connections to graduate career-ready.

Note: One study period is equivalent to one trimester of study (1 orientation week and 13 weeks of subject delivery and assessment). The accredited full-time study load is 3 years. There are normally a minimum of two weeks holidays after each study period.

SAMPLE STUDY PATTERN

1ST YEAR	TRIMESTER 1 (13 WEEKS) - 4 subjects taken

The Academic Consulting Office can assist you with subject selection and structuring your course. A typical full-time study load is between 6 and 8 subjects per year (an equivalent to 24 credit points).

The ICMS Bachelor of Business (Fashion and Global Brand Management) is designed to place you at the junction of fashion, business and marketing for an exciting global career.

It takes more than innovative designs to build a successful fashion brand. Experts in marketing, merchandising, logistics, sales, retailing and more, contribute to bringing a product from the runway to the racks of our favourite stores. You don't need to be the next Anna Wintour or Gianni Versace to make an impact though; if you're passionate about fashion, studying fashion and global brand management is the best way to learn about what fuels this fascinating, multi-trillion dollar industry.

The ICMS Bachelor of Business (Fashion and Global Brand Management) degree blends core business subjects with specialised subjects relating to fashion and brand management, providing you with the perfect foundation for a successful career in fashion, retail or brand management.

Whether you dream of managing a boutique brand, creating visual merchandising strategies for world-renowned fashion houses or marketing new product lines for online fashion retail giants, this degree will equip you with the knowledge and skills needed to carve a niche for yourself in the industry.

At ICMS we believe in a curriculum that blends a thorough understanding of the theoretical principles of management with innovations in hands-on, practical education. You will discover how successful fashion and luxury brands are built, managed and experienced. Learning from business experts, and through extensive industry exposure, you will master the latest marketing and retailing strategies used to engage customers in this exciting global industry.

“ICMS has allowed me to explore my own creativity and fashion interests whilst allowing me to branch out and learn about the world of business.”

Ashley van Raad,
Bachelor of Business

Regional Destination Manager	Destination Development Manager	Theming Consultant
Cruise Director	Hotel Manager	Airline Operations Manager

SUBJECT SNAPSHOTS

THE101A Introduction to Tourism, Hospitality and Events

Tourism, hospitality and events industries play an important role in the economies of developed and emerging countries. These industries generate substantial employment, personal and corporate income, tax revenues, foreign exchange earnings, investments, and infrastructure improvements for communities globally.

This subject aims to provide a solid introduction to the key concepts and terminology, stakeholders and relationship, innovation, current trends and management issues, as a foundation for future tourism, hospitality and event subjects. It also focuses on the dynamic nature of the main operational sectors with an emphasis on potential career opportunities.

TOU201A Tour Design and Development

This subject introduces students to the major components of tourism industry including the transport industry, travel agents, tourist destinations, tourist attractions, the hospitality industry, accommodation services, and tour operators. Students then will learn how to combine these components to create a package holiday and develop a selling tool to promote their products, holidays and itineraries.

TOU302A Sustainable and Competitive Destinations

The world has become a global community, opening up destinations that were previously unimaginable. These destinations can no longer take a passive approach to tourism marketing; they are products which need to be positioned and promoted sustainably. The desire to become a recognised destination presents some real marketing challenges in the face of intense competition as many destinations adopt an active marketing strategy to attract and retain their visitors. Therefore, it is necessary for the tourism planner and marketer to develop and promote their destination competitively and sustainably.

This subject aims to provide students with in-depth knowledge and understanding of the environmental, socio-cultural and economic impacts on a tourist destination. Students will explore various topics such as tourist motivation, branding a destination, managing tourists, special interest tourism and crisis management. They then will work collaboratively to develop a competitive and sustainable tourism plan for a destination.

Bachelor of Business (MARKETING)

Marketing is a fast-paced and fluid industry, demanding the best of your business creativity when representing brands and influencing consumer behaviour. The Bachelor of Business (Marketing) is designed to equip you with the knowledge and acumen you need for a successful marketing career in any industry of this diverse and dynamic business sector.

Every organisation in every industry requires marketing management professionals with skills to build strong brands, launch new products, optimise operations and maximise a company’s potential for profit. This is an ideal career for those who seek to understand how to attract, engage and retain customers. Good marketers are story-tellers who can create a narrative for their target market, helping them to connect with a brand on a personal level.

The Bachelor of Business (Marketing) is underpinned by core business subjects, together with specialised marketing subjects.

Marketing Manager	Social Media Manager	Digital Marketing Specialist
Business Development Manager	Business Analyst	Cross Channel Marketing Specialist
Communications Director	EDM Specialist	Marketing Strategist
Multimedia Specialist	e-Commerce Specialist	Engagement Specialist
Brand Manager	Content Manager	Creative Director

SUBJECT SNAPSHOTS

MKT103A Digital Marketing

The aim of the subject is to introduce students to emerging interactive technologies, most notably social media tools, and discuss ways in which these technologies can be exploited by businesses to more effectively serve markets. The subject investigates how marketing-related functions are changed by the potential of these technologies, and how these new technologies can become key components of the organisation's marketing efforts. Through this subject, students can discover why savvy consumers are increasingly participating in brands rather than merely receiving their messages, and explores how marketers can stoke conversations, co-create experiences and stories, and build engaging relationships with consumers.

MKT201A Integrated Marketing Communications

In this subject, students are introduced to the role of integrated marketing communications (IMC), the use of agencies, communication aspects of advertising, planning, budgeting and decision-making, media selection and controls on communication activities using the IMC model. This is specifically directed towards promoting sales of tangible products and intangible services though bricks and mortar stores and through internet-based e-commerce sites.

MKT301A Marketing Strategy

Strategic marketing encompasses the integration of marketing strategy elements which together are designed to secure a sustainable competitive advantage in the changing business marketplace.

This subject develops a student's ability to apply strategic marketing principles, theories and related marketing law aspects to specific problems, competitive situations and environments. The focus is on a customer-orientated approach to the marketing organisation, market definition, and market segmentation, as well as an entrepreneurial approach to strategic choice.

Bachelor of PROPERTY

(Development, Investment and Valuation)

“Coming to ICMS has ignited my passion to pursue a career in property.”

Jonathan Voisin,
Bachelor of Property
(Development, Investment and Valuation)

Buying, selling, investing, and negotiating on property is a high stakes career where knowledge of the industry is as important as the bricks and mortar that make up the buildings around us.

Property managers are wanted worldwide for their ability to manage complex issues related to real estate. To succeed in this potentially lucrative industry you'll need to be investment-focused, willing to take risks, have sound business skills and be a great networker. With a professionally recognised property management degree from ICMS you have huge earning and employment potential in areas as diverse as industrial, rural, commercial and residential property.

The Bachelor of Property (Development, Investment and Valuation) is designed to position students for success as professionals in the growing property development and investment industry, with a focus on future-proofing you for adaptability in a rapidly changing world.

DEGREE STRUCTURE

Things move quickly in property and you will need the knowledge and skills to make big decisions and anticipate trends in the property market. The Bachelor of Property (Development, Investment and Valuation) has been designed by property industry professionals, respected staff and industry partners and is continually reviewed and refined so that it continues to meet the demands of this dynamic industry.

This degree focuses on three key areas of the property industry:

- Development
- Investment
- Valuation

Rather than focus on one specialised discipline area, this degree provides a broader scope of property professional skills, so that you can move into your chosen area of interest when you graduate.

Designed to position you for professional success in the growing property development and investment industry, this degree focuses on future-proofing you for adaptability in a rapidly changing world. As the property profession changes, the broad content of this property degree enables you to engage with new directions and opportunities.

SUBJECT SNAPSHOTS

PRO120A INTRODUCTION TO THE PROPERTY INDUSTRY

The property industry is dynamic and diverse, employing more people than any other sector. A diverse industry also means there is a range of areas offering varied opportunities to suit different skills, personalities and career interests, with many areas being interrelated.

This foundation subject aims to provide students with a well- rounded understanding of key terms and concepts, principles, practices and theory pertaining to areas including property development and investment, valuation and management allowing subsequent subjects to build upon these foundations.

PRO134A PROPERTY DEVELOPMENT

Property development is like a system made up of a series of interconnected parts. Some of these parts, in no particular order, include the building components, materials, plans, sketches, covered in our subject introduction to the property industry, to planning controls, approvals, assessing feasibility, securing financing, the decision to keep or sell and not to mention the actual construction, all of which make up the development process.

In this subject, students will develop the foundation knowledge and skills to enable them to conduct site feasibility on a hypothetical subdivision, ensuring relevant planning controls are met, applications completed whilst recognising the importance of sustainability and maintaining ethical standards.

PRO240A PROPERTY FACILITIES MANAGEMENT

Along with technological advancement in built assets and the emergence of big data, property facilities management has grown globally, the role extending from purely operational to one also encompassing a strategic discipline. Well-managed infrastructure in built assets enables organisations to function at their most efficient and effective level, achieving collaborations and offering real added value to the organisation’s core business and its core business objectives.

Students studying property facilities management will develop the knowledge and skills required as a facility manager to enable them to lead, manage and maintain built assets, so as to best align with organisational objectives.

PRO350A BUILDING DESIGN AND SUSTAINABLE DEVELOPMENT

Students gain comprehensive understanding of building and design techniques in sustainable development for urban communities. Students examine sustainable practice and principles from a global perspective with the core focus on the property sector.

Students build on their knowledge of urban sustainable practice, advanced building materials, new construction techniques and factors for complex development planning that examines buildings as a series of interconnected systems and components.

Students apply their knowledge and skills of planning principles, design and construction, of complex development through project-based learning.

Students will further develop their understating of green star, nabers and nathers rating systems and participate in site visits to new urban developments which exemplify some of these ratings.

Bachelor of Business (SPORTS MANAGEMENT)

In the multi-million dollar global sports industry, a passion for sport together with a head for business and a heart for the game can combine in a lucrative career that will be as rewarding as it is challenging.

You can make a career out of your love of sport by studying sports management - the business end of sports and recreation.

A Bachelor of Business (Sports Management) gets you to wherever there is sport – which is just about everywhere. From athlete and facilities management to marketing and finance, a Bachelor of Business (Sports Management) will prepare you for a leadership role in this ever-evolving and intensely exciting business environment.

Subjects focus on core business skills with the addition of specialised sports management subjects. Business subjects include sales and marketing; agile leadership, collaboration and managing people; strategic planning and innovative problem solving; and financial literacy. In your specialisation subjects you will be exposed to the global sports industry and gain insights into those areas of sport management vital for a successful career in this most exciting of industries.

DEGREE STRUCTURE

In addition to facilitated theoretical subjects, experiential learning is a foundation of this course. As such it is designed to provide learners with practical work experience which is undertaken over two subjects (and two study periods) WIL201A and WIL301A. SUBJECT SNAPSHOTS

SPO101A Sports Management Fundamentals

Sport Management Fundamentals enables you to recognise key aspects of the business of sport and to determinate how it differentiates itself from other industries. The subject looks at internal aspects of sporting organisations such as strategic sport management, marketing, human resource and financial management and future sport management challenges.

Sport Management Fundamentals also looks at external factors such as professional sport, digital media, not for profit and organisational structures, governance and the role of the state, including the influence of politics in the business of sport. All topics draw on Australian and international case studies, with contemporary examples utilised to help support theory.

SOP201A Sports Marketing

Introducing students to the core issues and concerns of marketing in the sport industry, ‘Sports Marketing’ provides students with an overview of the strategies and practices used by sports organisations to market their products and services to customers. To this end, the subject explores marketing concepts as they relate to the funding, promotion and commercial development of sport across various organisational levels.

SPO301A Athlete Management and Representation

High performance sport operates in an increasingly complex legal, social, political and technological environment. Given the ever-increasing demands placed on high performance athletes today, managers require the appropriate professional skills, knowledge, and experience to support these athletes during their playing careers and in periods of transition, including extensive understanding of the legal and social frameworks and systems required to maximise playing talent and career transition.

This subject will provide students with a critical understanding of the management and coordination of athlete talent within the Australian sport system. An underlying theme of the subject is the management of sport careers and also support for transition into retirement, and cessation of life as a professional or high-performance athlete. Students will also develop an understanding of dual career management and the policies, programs, processes and structures that influence athlete performance, personal development, and transition. Key considerations include the management of personal branding, financial literacy, well-being and behaviour, communication and social media strategies.

Bachelor of EVENT MANAGEMENT

“ICMS offers an unforgettable experience. I have most enjoyed meeting new friends and gaining career-relevant skills and knowledge.”

Sophie Cuschieri,
Bachelor of Event Management

Creating special memories and designing lifetime experiences for others is what makes a career in event management so fulfilling.

Event management is a growing global industry with a broad range of employment opportunities across different industries. This is the ideal career for you if you are organised, sociable and enjoy the satisfaction of seeing a project through to completion.

The Bachelor of Event Management will equip you with the skills to rise to the top of this diverse and dynamic sector. Designed to position students for success in the exciting events industry, this is a qualification which could take you anywhere in the world.

Subjects focus on core business skills with the addition of specialised event management subjects. Business subjects include sales and marketing; agile leadership, collaboration and managing people; strategic planning and innovative problem solving; and financial literacy. In your specialisation subjects you will be exposed to creative events that stand out from the rest and will have an opportunity to explore various event ideas and translate them into your own creative event concepts and designs.

Event management and business subjects are supplemented by elective subjects from a range of business areas. Your choices include electives in marketing, international tourism, entrepreneurship, hospitality management and sports management. This allows you to enhance your event management degree with subjects that reflect your interests and ambitions.

SUBJECT SNAPSHOTS

EVT101A Event Concept and Design

The success of an event starts with a creative design and concept. The event industry has grown exponentially over the past decade. Within the increasingly competitive event space, events that are unique and creative in design and their concepts are winners.

This subject exposes students to a world of creative events that stand out from the rest and provides an opportunity for students to explore various event ideas and translate them into creative event concepts and designs. Students will be able to participate in workshops to develop their own creative event ideas.

EVT201A Event Planning

This subject introduces students to the broad event planning principles and project management skills. It aims to engage students in the hands-on planning of a chosen event concept, and the use of event industry tools to plan their chosen event.

Students will also learn how to interpret an event brief and demonstrate their planning skills for a real event.

EVT302A Creating Event Experiences

The subject focuses on building the practical skills in event production. Students learn how to produce an event based on an event plan and/or a real client brief.

This subject gives students the opportunity to work on their chosen event designs and bring the plans into production.

DREAM DESTINATION

At ICMS we aim to develop agile leadership and business maturity. When you graduate with an ICMS Bachelor of Hospitality Management you will have transferable skills, industry experience, and in-depth knowledge of business management principles in practice. This will see you ready for a career that spans industries and continents. You could work in a multinational company locally or take your skills and experience around the world.

The possible career opportunities can include but are not limited to:

Hotel Manager	Food and Beverage Director	Accommodation Manager
Hotel Sales and Marketing	Guest Relations Manager	Banquet Manager
Resort and Spa Manager	Airline Operations Manager	Restaurant Manager
Bar/Cocktail Manager	Concierge	Catering Manager

SUBJECT SNAPSHOTS

HOS101A Rooms Division Operations

This subject investigates the most significant department in a hotel or resort, Rooms Division, through the study and practical application of front office operational procedures.

In this subject, current property management software, STR (Smith Travel Report) data and simulations are used to introduce students to the complexities of managing this area of a hotel or resort. Students will gain key knowledge required to manage this department including the principles and procedures involved in the provision of quality guest lodging with emphasis on front office, housekeeping and security and an introduction to yield management.

The subject highlights the importance of clear and timely communication and collaboration both within the department and externally.

HOS202A Bar and Mixology

This subject introduces beverage and bar operations. Achieved through the study and practical application of operational procedures and basic concepts in a variety of styles and scenarios.

The students’ understanding of beverage operations is greatly enhanced by the practical application of theoretical knowledge acquired in the classroom and the practical tutorials. This enables students to achieve the competency required to operate successfully in a management context.

HOS301A Hotel Management Simulation

The accommodation industry is a significant sector of the global economy. It requires the combination of tangible products as well as the intangibility of service and experience. The need to remain competitive within a growing market requires planning with an emphasis on people, finance, operations and marketing.

This subject uses a learning simulation, the Hotel Operations, Tactics and Strategy (HOTS) simulation, which is concerned with developing skills for managing people, operations and business in hotels and hospitality companies. It focuses on the business operations and management issues to be found in successful lodging enterprises.

The subject incorporates the application of key aspects of marketing, service management, financial management, revenue management and business development within a hospitality context. It develops effective problem solving and critical thinking skills necessary to meet the service industry’s ever-changing needs.

Bachelor of Business (ACCOUNTING)

If you're thinking of joining the growing league of financially astute business leaders who make up the \$20 billion accounting industry in Australia, studying a business degree with an accounting focus will put you in a strong position to succeed in any industry, anywhere in the world.

Being good with numbers is only part of the equation; accountants also need to be able to interpret financial data to help inform business decisions and communicate their findings clearly and effectively.

As the accounting profession adapts to evolving expectations, it is crucial to balance your specialist business and accounting skills with 'soft' managerial skills, to enable you to make an impact in a range of complex, global environments.

The Bachelor of Business (Accounting) degree provides an accounting specialisation in a broader business context. The degree has also been approved for professional accreditation by CPA Australia and Chartered Accountants Australia and New Zealand (Chartered Accountants ANZ) – providing a solid endorsement of quality.

ACCREDITED
PROGRAM

DEGREE STRUCTURE

With a Bachelor of Business (Accounting) you will be industry ready. You will combine accounting and business studies in 3 years of full time study or part-time equivalent. This equates to a minimum of 600 hours of industry experience and 180 hours of self-study.

On your return from industry training we concentrate on developing your strategic management skills, getting you ready for a leadership role as a well-rounded manager. One study period is equivalent to one trimester of study (1 orientation week and 13 weeks of subject delivery and assessment). The accredited full-time study load is 3 years. There are normally a minimum of two weeks holidays after each study period.

SUBJECT SNAPSHOTS

ACC120A MANAGEMENT ACCOUNTING I

This Management Accounting I subject will enable students to learn the knowledge and skills required of managers who are working in the current complex and diverse business environment. The subject examines costing, cost management, budgeting, forecasting, variance analysis and pricing.

Students will learn a variety of skills to assist in interpretation and presentation of accounting information to various stakeholders. Students will also learn about and practice the processes and techniques of management accounting that focus on the effective and efficient use of organisational resources.

ACC302A AUDIT AND ASSURANCE

This subject is designed to show students how to provide assurance that the accounting information contained within financial statements can be relied upon. This subject is designed to introduce students to the key concepts of auditing and the modern audit practice environment within the Australian professional and legal framework.

This subject aims to provide students with the knowledge and skills required to help conduct an audit. It addresses issues from the initial audit plan, to the study of internal controls and to the final audit report. This subject will include assessment of auditing standards and audit requirements under the Corporations act.

ACC203A FINANCIAL ACCOUNTING II

The aim of this subject is to further develop students' understanding of financial accounting concepts and skills, including understanding and application of more advanced financial accounting concepts, International Financial Reporting Standards (IFRS) and Australian Accounting Standards, accounting policies and scenarios requiring professional accounting judgement.

Students will learn and apply particular transactions and arrangements, business combinations, international accounting transactions and financial reporting. The subject expands on financial accounting's theoretical base and provides meaningful, practical applications to real world business scenarios. Students will utilise current industry relevant information technology tools, including the cloud-based Xero accounting software.

TRAVEL AND STUDY IN THE US ON OUR EXCHANGE PROGRAM.

ICMS offers two exciting Exchange programs in the US. Exchange means that you swap places with a student from the overseas university. So you just pay your fees like you would normally to ICMS and you take your classes overseas instead. It's a great opportunity to get some international experience on your resume, make new friends and to learn about another culture.

Johnson & Wales University (JWU)

Johnson & Wales University (JWU) was founded in 1914 in Providence, Rhode Island. JWU has over 17,000 students spread across 4 campuses. The largest campus is in Providence which is located just a 45 minute drive from Boston and a 3 hour drive to New York City. Other campus locations include North Miami, Denver and Charlotte.

JWU offers the largest Hospitality program in the USA, however they also specialise in Retail Marketing, International Business, Culinary Arts, Sports Entertainment and Event Management. www.jwu.edu/providence

Students across all specialisations at ICMS, if eligible, are able to study a semester at JWU. Students can go in either the US Spring or Autumn each year.

How do I become eligible to go on exchange?

You need to be enrolled in an ICMS Degree, have a Grade Point Average of 3.0/4.0 and completed at least 30 credit points towards your ICMS Degree.

- Other criteria may apply. Exchange is open to both Australian and International students.

San Francisco State University (SFSU)

10 TIPS

to make you more

EMPLOYABLE

As Australia's leader of industry-focused education, ICMS ensures graduate employability and work integrated learning is a focal point of our curriculum. From day one, students are encouraged and inspired to dream big and explore all opportunities available to them.

This philosophy is paramount in ensuring ICMS has one of the highest graduate employment rates in Australia, with almost 90% of our students graduating with a job in their field. ICMS is also ranked number one for Bachelor of Event Management and Bachelor of Hospitality Management in Australia, based on the longest continuous industry placement, student professionalism, work-ready students and our industry training team's customer care.*

Improving your employability skills will help you graduate with the best prospect of securing a job in your field of study. Combine these tips with what you learn in the classroom, and you might just find yourself ahead of the pack when you graduate:

1. Work experience: When you study at ICMS, industry experience is a requirement of your qualification. Graduates are able to highlight their practical experience giving them the makings of a fantastic resume. Industry experience is the most effective way to develop the skills you will need to succeed in your professional life.

2. The right experience: Students are encouraged to embrace volunteer opportunities and to obtain a casual job gaining valuable experience in the workplace. These skills along with your industry training in your chosen field is a winning combination. Make sure the experience you have aligns with your future career goals. Remember you may need to start at the bottom of the ladder you want to climb.

3. Communication is key: Emails, presentations, social media posts, monthly reports – writing effectively and for your target audience is a skill that needs to be developed. How you write is critical in communicating in the workplace and is a reflection of you as a professional. Learn to use the appropriate tone and terminology in all communication.

4. The art of diplomacy: Treat others how they want to be treated, be respectful and appreciate other opinions.

5. Find your own voice and make it heard: Our smaller class sizes with a focus on presentations and group assessments will develop your confidence in addressing others. Whether speaking potential clients, contributing in a team meeting or pitching an

impressive idea, ICMS will give you the tools to build that confidence.

6. Get connected: In a digitally connected world, you must be comfortable with using new technologies. Upskill in social media, know your Snapchat from your Facebook and Instagram – not just as a user, but also as a generator. As for basic office software, be the employee that knows the shortcuts and how to use programs effectively.

7. Money management: Even if your particular role doesn't call for an intimate knowledge of the economy, finances or budgets, be knowledgeable in these areas: it will set you apart from the rest of the pack.

8. Networking is crucial: Broaden your

network, embrace connections both professionally and personally. At ICMS you will make lifelong friends, local and international connections. Remember: although creating these networks and your social media presence can keep you connected, it also allows others access to your past interactions. Therefore, "don't burn your bridges".

9. Finding the answer: There are no limits to what you can achieve if you don't stop learning. Technology allows us access to readily available information instantaneously. If you don't know something, don't be scared to ask.

10. Thicken your skin: An expert in anything was once a beginner. Accept new challenges where you may make mistakes. Learn to be

resilient and accept constructive criticism. The CEO of a company started somewhere, and often the greatest business success stories were created where hard lessons were learnt.

Choosing to study at ICMS and gaining valuable industry experience will help you kick-start your career and stand out from the crowd. Industry experience is part of all ICMS degrees and our industry partners and faculty embrace these tips, holding them front and centre when engaging with ICMS students.

Student Clubs And Associations

There is so much to get involved in while studying at ICMS and there is a club or association for everyone. You can even start your own club or association on campus if you see an opportunity, just visit the Student Experience Team to discuss your idea. Some of our current clubs and associations include:

Asian Students Association

The ICMS Asian Association aims to bring all Asian students closer together and offers a support network for them. They share the Asian culture at ICMS through hosting regular activities and through letting us sample their amazing cuisine, music and social events.

Ark Association

The ICMS ARK Association (Acts of Random Kindness) is part of a global effort to bring peace and international understanding to the world and is associated with Rotary International. They work on a number of community fundraising events such as Starlight Foundation, Beyond Blue, Movember, Bear Cottage and many more fundraising events.

Scandinavian Students Club

The ICMS Scandinavian Association is a student initiative which aims to strengthen the social network for Scandinavian students studying at ICMS and provide a forum for them. They share their culture with ICMS students through cuisine, beverages, music and social events throughout the trimesters.

Living Water

Living water is an interdenominational Christian group at ICMS. Anyone is welcome to come to the weekly meetings to explore matters of faith run by Reverend Tim Giovannelli.

Melody Club

The ICMS Melody Club meets on a regular basis to practise their vocals and to rehearse for one of the many upcoming events the choir participates in. Some events have previously included graduation ceremonies, corporate functions, cocktail parties and social gatherings.

To join any of these student groups, please contact our Student Experience Team - experience@icms.edu.au.

Sport At ICMS

At ICMS we work hard and play hard too! Sport is a great way not just to keep fit but to make friends and make the most of your time at ICMS. As well as fun on-campus activities we also have sporting teams representing ICMS in internal and external tournaments - so there's something for everyone!

On Campus Activities

Our on-campus sporting facilities include tennis and basketball courts and an outdoor gym. Sports are normally scheduled in the afternoon or evenings throughout the week.

- Social Tennis
- Bootcamp
- Running club
- Zumba Futsal
- Volleyball
- Basketball
- Surf club

- Badminton
- Table Tennis
- Social Cricket
- Nearby Activities

Surf Lifesaving

With nine beautiful beaches within walking distance of the Northern Beaches Campus in Manly, and Manly Beach itself having been rated by TripAdvisor as the Best Beach in Australia (2018 and 2019), Surf Lifesaving is a fantastic way for students to really experience a coastal lifestyle while meeting people and making friends.

ICMS is a proud partner of Surf Life Saving Northern Beaches, this includes a professional scholarship and sponsorship agreement.

Visitors to the Northern Beaches will easily spot the many ICMS-branded lifesaving tents

on the beaches, including Palm Beach where the famous Home and Away TV series is shot. Over the years many students have signed up to be become volunteer life savers.

Manly Rugby Club - Home of The Marllins

ICMS is a major sponsor and partner of the Manly Rugby Union Football Club, home of the Manly Marllins. The club was formed in 1906 and competes in the New South Wales Rugby Union competitions, the Shute Shield and Tooheys New Cup.

Students and Alumni of ICMS have played and supported for the Manly Marllins for many years contributing to the clubs ongoing success. With a capacity of 5,000, Manly Oval is a festive place for students to play or watch a great game of rugby.

For more information on how to get involved, email: sport@icms.edu.au.

Scholarships

The ICMS Scholarship Program encompasses all that the college represents: diversity, connection, industry-focused education. We believe that by providing the opportunity for students to apply for the Scholarship Program, we are encouraging the passion and potential that is evident in our entire community.

Whether it's through industry, peers, alumni or the greater world, the ICMS Professional Scholarship Program sets our students on course for personal success in their professional lives.

The ICMS Scholarship Ceremony is held throughout the year to recognise and present a formal award certificate to each scholarship recipient*. This special event is attended by families, industry partners, college staff and dignitaries. The ceremony is streamed through Facebook live and gives proud parents and friends from all over the world the chance celebrate and share in each student's success.

*Recipients of financial hardship and hardship scholarships or international bursaries will not be presented with a formal award at the Scholarship Ceremony.

Professional Corporate Scholarships

ICMS scholarships reward passion and potential. We have partnered with leaders in related industries to provide Professional Corporate Scholarships. In addition to tuition and/or accommodation financial assistance, most of these highly sought after scholarships provide recipients with invaluable hands-on experience working in their chosen industry before they even graduate. In some cases, they may work directly with management teams, learning from them and enhancing their personal and professional opportunities.

“

Over \$13 million worth of scholarships have been awarded since 2011, with almost \$1.5 million in 2022 to over 120 students. The ICMS Professional Scholarship Program is our key platform for giving; it's how we prioritise corporate and social responsibility. The important values that underpin the Program are inclusivity, diversity and creating an equitable access to higher education. Within this opportunity to give back we have created many different scholarships including international, domestic, indigenous, regional and rural and those from adversity and/or financial hardship. Our professional corporate partners provide unique opportunities to students and enhance their career opportunities.”

APPLYING TO ICMS AS AN INTERNATIONAL STUDENT

YOUR STEP-BY-STEP APPLICATION GUIDE

Applying to study at ICMS as an international student means you are not an Australian citizen, permanent resident, or a New Zealand citizen.

1 Choose your degree

Find out which of our ICMS degrees are the right fit for you. Read the degree descriptions in this prospectus (starting from page 26). Consider your interests, career goals and the level of qualification you wish to attain.

2 Apply to ICMS

Complete and submit the application form. Alternatively, you can apply online at www.icms.edu.au/apply

3 Accept your offer

After we assess your application and issue you an official Letter of Offer you need to accept as described in the letter of offer. You will also need to meet any entry conditions as well as submit evidence of paying the deposit.

4 Apply for your visa

All international students require a valid student visa to come to Australia to study. For information on how to apply for your visa visit the Department of Home Affairs (DHA) website at www.homeaffairs.gov.au

5 Book your accommodation

If you intend to live on campus at ICMS you'll need to book a room. Make your online booking early as places are limited at www.icms.edu.au/accommodation

6 Come to Orientation and enrol in classes

Welcome to ICMS! Now you're ready to start life as an ICMS student. Come along to Orientation, enrol in your classes, explore the campus, meet your classmates and enjoy all the fun.

Applying with an ICMS international representative

ICMS has representatives from all over the world. Our education representatives can provide you with detailed information in your own language on our courses, educational requirements, accommodation, intakes and fees, as well as assist you in organising student visas and travel arrangements. For further details, visit www.icms.edu.au/agencies

When to apply

Apply any time of the year for intakes in: February, May or September. Alternatively, mid-term intakes may be offered, subject to availability, in March, July and October.

*Some intakes do not have a full week of orientation. Term breaks are between 'End of Term' and Orientation of the next study period.

Applications should be made at least three months prior to the preferred enrolment date. Late applications are accepted, however places at ICMS are limited.

APPLYING TO ICMS AS A DOMESTIC STUDENT

YOUR STEP-BY-STEP APPLICATION GUIDE

Applying to study at ICMS as a domestic student means you are an Australian citizen, permanent resident, or a New Zealand citizen. You can apply directly to ICMS or through the Universities Admission Centre (UAC).

1 Choose your degree

Find out which of our ICMS degrees are the right fit for you. Read the degree descriptions in this prospectus (starting from page 26). Consider your interests, career goals, and the level of qualification you wish to attain.

2 Apply to ICMS - Complete and submit the application form.

Alternatively, you can apply online at www.icms.edu.au/apply

Applying via UAC – To apply to ICMS through UAC visit uac.edu.au and follow the instructions for undergraduate students.

3 Accept your offer

After we assess your application and issue you an official Letter of Offer you need to accept to secure your place at ICMS. Simply follow the instructions in your offer pack.

4 Book your accommodation

If you intend to live on campus at ICMS you'll need to book a room. Make your online booking early as places are limited at www.icms.edu.au/accommodation.

5 Come to Orientation Week and enrol in classes

Welcome to ICMS! Now you're ready to start life as an ICMS student. Come along to Orientation Week, enrol in your classes, explore the campus, meet your classmates and enjoy all the fun.

When to apply

ICMS offers seven (7) opportunities for enrolment throughout the year. All Undergraduate and Postgraduate courses will share the same intakes dates. The seven intakes are available on all campuses and are offered for all modes of study (online or on campus). 'Main' intakes offer 4 subjects concurrently and begin in: February, May and August. 'Mid-trimester' intakes and a 'Summer' intake may be offered, subject to demand. These intakes offer 2 subjects in the first study period and begin in March, July, October and December. The 'mid-trimester' intakes are unlikely to include a full week of orientation. Term breaks (holidays) are between 'End of Term' and 'Start' of the following study period.

To apply through the Universities Admissions Centre (UAC) you need to adhere to its application deadlines.

ICMS High Academic Places (HAP) tuition fee bursary for high ATAR students. (February intake only)

Hard work deserves to be rewarded so our High Academic Places will mean that your study at ICMS will be at a cost more comparable to a Commonwealth Supported Place (CSP). These places are awarded on the basis of application interview and academic performance in your HSC or equivalent.

Only UAC applicants will be considered for an ICMS High Academic Place. Students who are not offered a High Academic Place are eligible for direct entry or alternative entry.

We recommend you apply both directly to ICMS and through UAC.

Pathways to ICMS

If you fall short of ICMS entry requirements you may be offered a pathway through Aspire Institute. For more information refer to www.aspire.edu.au.

Early Entry

Our Early Entry Scheme is designed for high-achieving HSC students who want to secure a place at ICMS before sitting the HSC exams.

To be eligible, you need to demonstrate that you have a strong academic record and the potential to be an outstanding ICMS student through your passion and commitment for a career in one of the areas of study we offer.

Elite athlete and performer entry pathway

Being an elite athlete or performer should not impact your chances of university level study. We know you are not defined by your academic results alone. Let us take that into consideration with your application.

Leadership Entry Program

Our Leadership Entry Program offers students who have demonstrated significant leadership in their school and/or community, a place at ICMS based on their academic achievement, leadership experience and aspirations, and a nomination from their school.

More details can be found on the ICMS website.

For the latest entry requirements go to icms.edu.au/future-students/application-information/entry-requirements

ENTRY REQUIREMENTS

icms.edu.au/future-students/application-information/admission-information-2/

ACADEMIC ENTRY REQUIREMENTS

The minimum academic entry requirements for all ICMS degrees are detailed in the entry requirements section of the ICMS website. The most recent academic entry requirements by country are listed on the ICMS website at www.icms.edu.au/entry.

How to apply

ICMS offers several admission pathways and a holistic approach to assessing applicants including the opportunity of an interview combined with consideration of a recognised certificate, qualifications or evidence of at least two years of relevant full-time paid work experience for undergraduate applicants and five years of relevant full-time paid work experience for graduate certificate applicants. Applicants may apply directly via the ICMS website Online Application or through the University Admissions Centre (UAC).

Pathways to ICMS

Applicants who do not meet the required entry requirements should consider applying for a diploma through pathway provider Aspire Institute. Aspire offers higher education diplomas as a stand-alone qualification or, should applicants wish to further their studies, they could choose to use the diploma qualification as a pathway into a bachelor program at ICMS, or one of the other distinguished Australian universities and colleges that Aspire has partnership with.

Advanced standing / recognition of prior learning / credit transfers

Applicants who can demonstrate successful completion of equivalent subjects at a recognised institution may be eligible for credit towards study at ICMS.

Similarly, applicants who can demonstrate competence attained through formal training, work experience and/or life experience may also be eligible for advanced standing in an ICMS course.

View the Advanced Standing Policy in the Policy Library (policies.icms.edu.au) or contact info@icms.edu.au for further information.

ENGLISH LANGUAGE REQUIREMENTS

For entry into an ICMS Bachelor degree, the following English language requirements apply. If you do not meet the English language proficiency requirements, pathway options are available through the Aspire Institute – see page 74 for more information.

- IELTS (academic): Overall score of 6.0, writing 5.5, speaking 5.5.
- TOEFL i-BT: Overall score of 69, writing 19, speaking 17.

For additional information about other English language proficiencies accepted please visit www.icms.edu.au

If a deposit is required to be paid it will be deducted from the first trimester tuition fee. International students are also required to arrange health insurance. All other college-related expenses such as text books and student experience activities are charged separately.

International students are required to have Overseas Student Health Cover (OSHC) for the duration of their stay in Australia. ICMS can arrange your OSHC if requested. If you are a student from Norway or Sweden, you may not require OSHC as cover is provided by your national health schemes. You must show proof of official health insurance cover from your home government provider. Your local representative will be able to provide more details.

*The above tuition fees are displayed as a fee per subject only. Tuition fees for each trimester are calculated on the number of subjects you study. Total indicative tuition fees will be provided in the Letter of Offer. Alternatively, refer to the course information to determine the number of subjects in your course. Tuition fees are expressed in Australian Dollars (AUS\$). Fees are payable prior to each trimester. Fees are reviewed annually and may be varied during the period of study. For ISCA fees, go to <https://www.iscaustralia.edu.au/diploma-sports-management/>.
