KOI VISION

Success in higher education through excellence and innovation

KOI MISSION

To become a leading education provider distinguished for nurturing our students and preparing them for global careers

KOI CORE VALUES

Practical education
Student-centred service
Collaboration
Innovation
Ethical principles

Acknowledgement of Country

KOI acknowledges the Gadigal people of the Eora Nation the Boorooberongal people of the Dharug Nation, the Bidiagal people and the Gamaygal people, upon whose ancestral lands KOI stands. We would also like to pay respect to the elders both past and present, acknowledging them as the traditional custodians of knowledge for these lands.

WELCOME TO KOI

We are proud to welcome you to King's Own Institute in Sydney and Newcastle, Australia. King's Own Institute is a tertiary level institution that brings together the best in resources, equipment and people, enabling us to blend the traditions of Higher Education with today's modern practical and commercial global village.

King's Own Institute offers many advantages: personal, professional and commercial, and is quickly establishing a reputation for superior education. Just how famous King's Own Institute will become and how quickly depends on our graduates. We share your success.

King's Own Institute has assembled key people to assist your academic journey. They all have long and successful careers and distinguished records of achievement in universities, the military, diplomatic service, business and industry.

We confidently assure you of a sound and professional education, and a special, enjoyable learning experience.

We welcome you and look forward to helping you shape your career at King's Own Institute.

King's Own Institute - Success in Higher Education

THE KOI STORY

King's Own Institute (KOI) is a tertiary level institution located in central Sydney and Newcastle, Australia, offering high quality accredited undergraduate and postgraduate courses in Accounting, Business, Management, Information Technology (IT), Information Systems (IS) and Teaching English to Speakers of Other Languages (TESOL).

King's Own Institute is named after a regiment of the British army with which the CEO and Dean was associated as an exchange officer. KOI adopts a similar spirit and values with traditions and an established reputation for its recognised development of successful leaders.

Our initials, KOI, have a second meaning, as the word "koi" in some Asian languages is a wild carp. The koi is energetic and can swim upstream against the current. According to legend if a koi succeeded in climbing the falls at a point called Dragon Gate on the Yellow River it would be transformed into a dragon fish.

This demonstrates perseverance in adversity and strength of purpose. The koi represents courage and the ability to attain high goals because of its strength and determination to overcome obstacles. Similarly, KOI aims to be a recognised leader as an education provider famous for nurturing students into successful careers. The experience of the higher education journey can be as important as the qualification itself.

Here at KOI, we strive to ensure each student has a fruitful, enjoyable and memorable career-shaping experience.

WHY KOI

Explore

the world of opportunities
with an institute of higher education
consistently ranked among

THE BEST *in* AUSTRALIA

for student experience

and graduate **satisfaction**.

KOI delivers the best possible education with a deep commitment to quality, excellence and real opportunities to apply your knowledge and skills to enhance your career. You will have access to a team of superior teachers, facilities and resources to provide you with a rich educational experience and preparation for life – a true education. We are keen, willing and able to actively develop motivated people to be successful.

KOI has a team of proven, widely experienced practitioners with a proud and established record of achievement in education and business.

WHY KOI

ACADEMIC EXCELLENCE

The 2021-2022 student experience survey shows KOI has ranked higher than most Australian public universities.

UNDERGRADUATE

83.8%

Rated teaching practices positively

76.0%

Were happy with facilities & resources

62.2%

Were positive about their interactions with staff & students

82.2%

Rated support services positively

WHY KOI

Here at King's Own Institute, we want your career-shaping experience to be

FRUITFUL ENJOYABLE MEMORABLE

KOI is a tertiary level institution which offers high quality accredited degree courses. KOI aims to be recognised as a leading education provider famous for nurturing our students and preparing them for successful careers. We believe the higher education experience is as crucial as the qualification itself.

Smart Investments, Lower TuitionFees

One of the standout features of KOI is its competitive tuition fees compared to many other institutions in Australia. This affordability is appealing to international students who are conscious of their budget yet want to receive a high-quality education without incurring excessive debt.

Flexibility within Hybrid Study

Hybrid study mode provides students with the flexibility to choose between attending classes in person and participating online. This flexibility is especially beneficial for international students who have difficulty attending classes in person.

Accredited Courses which Empower Excellence

KOI is accredited by relevant Australian education authorities, ensuring that the degrees awarded are recognised and respected globally. This accreditation provides international students with a sense of security about the quality of education they receive.

Convenience of Locations

KOI is located in the heart of Sydney and Newcastle, Australia. Both KOI locations, in Sydney and Newcastle, are dedicated to delivering high-quality education and fostering a global perspective in a supportive and culturally diverse environment.

English Language Support

For international students whose first language is not English, KOI often provides language support services, including free English language classes Learning Skills Centre (LSC). This support helps students improve their language skills and succeed academically.

Internship & Beyond: Your Launchpad to Success

Many international students choose KOI because of its strong connections with local industries and businesses. This can lead to internship and work opportunities during or after completing their studies, helping students gain valuable practical experience and secure employment.

Empowering Students, Enriching Futures

KOI offers comprehensive support services to international students, including academic advice, English language support, career counselling, and assistance with general student support. These services ensure that international students feel well-supported throughout their time at KOI.

Diverse Student Community

KOI prides itself on its diverse student community. International students find a welcoming and inclusive environment that fosters cultural exchange and learning. This diversity enhances the overall educational experience and helps students develop a global outlook.

Accessibility

Online components of the curriculum allow international students to access course materials and lectures from anywhere with an internet connection. This accessibility is particularly advantageous for students who may need to balance their studies with part-time work or other commitments.

KOI International Student Scholarship and Financial Aid

KOI often provides scholarships and financial aid opportunities for both domestic and international students. These scholarships can help alleviate financial burdens and make education more accessible to applicable students.

Guiding Excellence with Experienced Expertise

KOI is known for its dedicated and experienced faculty members. Most teachers have both academic qualifications and practical industry experience. Having teachers with industry experience, professional memberships and globally recognised qualifications from distinguished universities are advantageous for students.

Small Class Sizes

KOI maintains small class sizes, which is a significant advantage for international students. Smaller classes allow for more personalised attention from teachers that facilitate better understanding and interaction. Students can actively engage in discussions, ask questions, and build strong relationships with their teachers.

Student Life at KOI

KOI promotes a vibrant student life with various clubs, societies, and extracurricular activities. This helps international students not only excel academically, but also to form friendships and create lasting memories during their time in Sydney and Newcastle.

Graduates and Alumni Network

KOI has over 15,000+ graduates working across Australia and throughout the world, providing alumni networking opportunities. Alumni can provide insights into opportunities in different regions, and offer guidance with international career opportunities.

AIBM COUNCIL

The Council of Directors is the corporate governing body of AIBM* and is collectively accountable for the governance, direction setting, oversight and performance of AIBM overall. The Directors are accountable for all AIBM's operations including accountability for the award of higher education qualifications, and for continuing to meet the requirements of the Higher Education Standards Framework.

ACADEMIC BOARD

The Council of Directors has established the Academic Board as the principal academic body of AIBM in which the Council delegates oversight of academic functions and policies. The Academic Board collectively provides academic leadership and oversight of AIBM's academic activities at an institutional level.

The main role of the Academic Board is to:

- maintain the highest standards in teaching, scholarship and research at KOI and to safeguard academic freedom and the welfare of its students
- guide the development of all academic activities of KOI through policies, guidelines and procedures for academic matters
- report and provide academic advice to the Council of Directors and the CEO and President

The Academic Board is led by a Chair who is a distinguished educator. Members of the Academic Board include distinguished external academic experts, senior executive staff.

- Master of Arts (TESOL)
- and all approved package courses

ELIGIBILITY OFFSHORE (UNDERGRADUATE)

You must have achieved a Higher Secondary (year 12) result of a minimum 70% or an equivalent CGPA in previous study.

You must have achieved IELTS / PTE or an equivalent score of overall 6.5 or more.

ELIGIBILITY OFFSHORE (POSTGRADUATE)

You must have achieved a Bachelor qualification with a minimum 60% or an equivalent CGPA in previous study.

You must have achieved IELTS / PTE or an equivalent score of overall 7.0 or more.

ELIGIBILITY ONSHORE

You must have a pass rate of 100% with your most recent provider.
(For example: attempted 4 units at HEd institute/university and passed all 4).

Your previous provider must be a higher education institute or university.

Your proposed studies at KOI must be of the same AQF level. Qualification from VET providers are not applicable. There should also be no unexplained gaps in your Academic history.

SELECTION PROCESS

► KOI will conduct a merit-based review of each application. With the recommendation of a Selection Committee comprising of the Admission Manager and the Dean, KISS will be awarded to eligible students who have demonstrated academic excellence in their previous studies.

► The decision of the KOI Committee will be final. The processing time is between 2-4 working days.

*ONGOING CONDITIONS / REQUIREMENTS

► Students must maintain a 100% pass record for the scholarship to remain active.
► The scholarship is not transferable.
► Students must pay the required tuition fees by relevant due dates.
► The scholarship remains valid for students on an approved Leave of Absence for one trimester only.
► Scholarship applications will not be considered after the intake Census date..
► Successful applicants must also agree to act as a student ambassador for the KOI Society and support promotional activities.

Terms and Conditions

Quotas may be applicable. Scholarships are only awarded to students who meet the Eligibility Criteria. This award will be applied to applicable courses only unless advised otherwise. KOI reserves the right to offer scholarships at its sole discretion. KOI reserves the right to withdraw a scholarship offer where the student has not yet accepted the offer or has not enrolled in the course by the date specified in the Offer Letter. If you do not meet the ongoing conditions to maintain the scholarship, the scholarship will be ended. KOI reserves the right to amend the terms and conditions of the KOI International Student Scholarship at any time.

Welcome to the future of learning at KOI – where tradition meets technology in our cutting-edge Hybrid Classrooms! In today's rapidly evolving educational landscape, we understand the importance of offering flexible and dynamic learning environments that cater to the diverse needs of our students. That's why KOI is thrilled to introduce our innovative Hybrid Classrooms, designed to seamlessly integrate face-to-face and remote learning experiences.

KOI Hybrid Classrooms are at the forefront of educational innovation, combining the best of both worlds. Whether you prefer to attend classes on-campus or participate remotely, KOI Hybrid Classrooms provide engaging and interactive platforms that ensure you have access to high quality education, regardless of your location.

KOI
HYBRID CLASSROOMS

MODERNISED LEARNING FACILITIES

Interactive flat panel

BENQ RM8603 86-inch Master Series Education Interactive Flat Panel

Interactive flat panels provide immersive lessons that foster effective learning.

• Designed for hybrid and remote classrooms
• Germ-resistant screen and pen
• Boost student engagement with built-in tools
• Front USB Type-C for all-in-one connectivity
• 4K UHD screen with built-in speakers and microphones

Distance learning tracking camera

Camera Aver DL30

KOI understands that creating an engaging and interactive learning environment is essential for effective teaching. That's why we are excited to introduce you to a valuable tool that can help you achieve just that – the Aver DL30 Document Camera.

The Aver DL30 is more than just a document camera; it's a versatile and powerful teaching aid that can transform KOI classroom experience.

Dual channel wireless microphone system

Rode Wireless GO II, Dual Channel Wireless Microphone System

The Wireless GO II boasts a range of powerful features, including universal compatibility with cameras, mobile devices and computers, extended range (200 metres line of sight) and improved transmission stability, on-board recording capabilities, and much more. This is next generation wireless microphone system.

Extra LCD screens

LCD Screen 50-inch

These screens are used to display educational materials, presentations, videos, and demonstrations, and can help to make lessons more interactive and engaging. With extra LCD screens, teachers and students will have the resources they need to make the most of their learning experience.
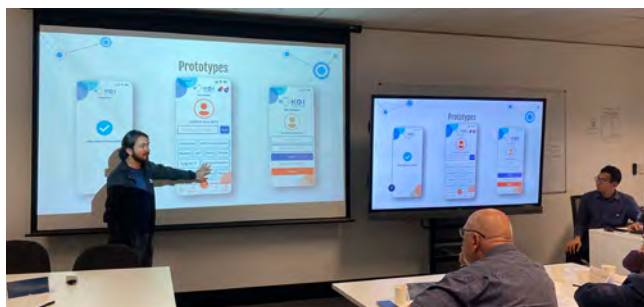

KOI
STUDENT SOCIETY

UNLOCKING POTENTIAL, INSPIRING SUCCESS

IT Event – No Code Hackathon

Bridging Students, Alumni, and Industry with the KOI Connect Mobile Application
No-Code Hackathon is an innovative event designed to bring together current students, alumni, and industry professionals through the KOI Connect Mobile Application. This event empowers participants with little to no coding experience to create functional applications using no-code development platforms. By leveraging the KOI Connect app, participants can access resources, connect with mentors, and collaborate with peers, all aimed at fostering creativity and practical problem-solving.

Sydney and Newcastle City Tours

KOI City Tours: Discover, Connect, and Thrive in Your New Home
KOI Sydney and Newcastle city tours help international students immerse themselves in local culture and build friendships. By exploring iconic and lesser-known spots, students gain an appreciation of their city's history, culture, and community. The tours also offer practical tips on navigating the area, making students feel more confident in their new environment.

Cultural Fair

KOI Cultural Fair; a day full of excitement and cultural celebration
The event features complimentary cuisine, captivating dance performances, and a range of engaging activities for all students. Exciting prize opportunities are also available throughout the day.

Futsal Tournament

Uniting Passion and Talent in the KOI Futsal Tournament
At KOI, we believe that education is not just about textbooks and lectures; it is about fostering a sense of community, passion, and well-rounded growth. That's why we are organising the KOI Futsal Tournament. It is not just a game; it is an opportunity for our students to come together, showcase their skills, and build lasting memories.

[*] A NSW HSC ATAR or other secondary or tertiary qualifications will not meet the English entry requirements for KOI's TESOL programs. Please contact KOI's Marketing Department by email (marketing@koi.edu.au) for more information.

What to do when you do not meet minimum requirements
If you have checked your submission documents and find you do not meet the minimum requirements outlined above, contact KOI's admissions department by email (admissions@koi.edu.au) or by phone (+61 2 9283 3583) and we will gladly provide detailed advice on how you should proceed further. However, below you will find a general guide on the type of advice you will be given depending on which requirements you do not meet.

When you do not have the minimum English level
Please contact KOI's Admissions and Marketing departments via the email addresses provided above for guidance on meeting KOI's English entry requirements. Usually you will be advised to undertake an English Language Intensive Course for Overseas Students (ELICOS) and/or English for Academic Purposes (EAP) studies with one of our Direct Entry Partners. Please keep in mind that KOI does not arrange ELICOS or EAP studies on the behalf of students or agencies and thus these studies must be arranged independently.

When you do not meet minimum academic qualifications
Applicants frequently find that they do not meet the minimum academic qualifications required for KOI's postgraduate programs. Unfortunately, no alternative studies will satisfy these requirements, except for obtaining an Australian three-year Bachelor's degree, which would enable you to meet the entry criteria for postgraduate study.

In such instances, KOI Admissions or KOI Marketing will advise pursuing an undergraduate program at KOI initially. If you have completed relevant studies overseas, you may also be eligible for credit towards your undergraduate studies should you choose this pathway.

DOMESTIC APPLICANTS

ACADEMIC ENTRY REQUIREMENTS

DIPLOMA AND UNDERGRADUATE
Applicants with recent secondary education (within the past two years)

Australian Year 12 Students

KOI will admit students into the Diploma of Accounting and Diploma of Management who have a NSW Higher School Certificate or equivalent, showing satisfactory completion of Year 12 at a standard equivalent to an ATAR of 55.00 or above.

KOI will admit students into the Bachelor of Business (Management and Finance) who have a NSW Higher School Certificate or equivalent, showing satisfactory completion of Year 12 at a standard equivalent to an ATAR of 55.00 or above.

The minimum academic entry requirements for the Bachelor of Business (Accounting) are a NSW Higher School Certificate or equivalent, showing satisfactory completion of Year 12 at a standard equivalent to an ATAR of 60.00 or above.

KOI will admit students into the Bachelor of Information Technology who have a NSW Higher School Certificate or equivalent, showing satisfactory completion of Year 12 at a standard equivalent to an ATAR of 70.00 or above.

Applicants with Higher Education Study

Applicants who have successfully completed higher education studies within the past 10 years since leaving school may be eligible for admission to a KOI course with credit transfers. For further details regarding this process, please refer to the Credit Transfer Policy.
https://bit.ly/KOICreditTransferPolicy

Applicants with Vocational Education and Training (VET) Study

Applicants who have successfully completed any VET studies within the past 10 years since leaving school may be eligible for admission to a KOI course with credit transfers. For more information on this process, please refer to the Credit Transfer Policy in the link above.

KOI has approved articulation agreements in place for certain VET courses which specify the number of credits you may be entitled to. For more information, please visit the link below
https://bit.ly/KOIVETArticulationPathwayAgreement

POSTGRADUATE

KOI will admit students in Postgraduate Studies who have an Australian Bachelor degree (3 years) (AQF Level 7) or overseas equivalent (Satisfactory achievement in all subjects).

ENGLISH LANGUAGE PROFICIENCY

Successful completion of NSW Higher School Certificate or equivalent showing satisfactory completion of Year 12 at a standard equivalent to ATAR 55.00 or above. Students from non-native English-speaking countries require evidence of an IELTS score as shown below or any other English proficiency test.

ENGLISH REQUIREMENTS	UNDERGRADUATE	POSTGRADUATE	TESOL
IELTS (Academic only)	Minimum overall score of 6.0 with no band less than 5.5	Minimum overall of score 6.5 with no band less than 6.0	Minimum overall score of 6.5 with no band less than 6.0

FEE-HELP

WHAT IS FEE- HELP?

- FEE-HELP is a loan scheme that helps eligible students enrolled in a fee paying place to pay their tuition fees.

  Fee paying places are generally available for postgraduate courses at universities, and in both undergraduate and postgraduate courses offered by private providers.

- You do not have to use a FEE-HELP loan to pay your tuition fees. You can choose to pay all your tuition fees upfront, or you can pay some upfront and use a FEE-HELP loan for the rest, or use a FEE-HELP loan for all your tuition fees (up to your FEE-HELP limit).

To get a FEE-HELP loan, you must

- be an Australian citizen and study at least part of your course in Australia.

- be a New Zealand Special Category visa (SCV) holder or permanent humanitarian visa holder and meet the residency requirements. (Permanent residents can only get FEE-HELP for approved bridging studies.)

- be enrolled in a fee-paying place at a provider that offers FEE-HELP loans.

- be enrolled in an eligible course at your provider by the census date.

- submit the Request for FEE-HELP form to your provider by the census date.

- not have already borrowed up to your FEE-HELP limit. ($121,844 in 2024)

If you are studying at a non-university, you will also need to meet the 'pass rate' requirements.

For more information, please visit:

King's Own Institute - Success in Higher Education

ACCOUNTING

> I completed a Bachelor of Business (Accounting) at KOI. I chose KOI because my agent recommended it for its quality education at an affordable price and the opportunity for an internship before graduation, which helped me prepare for a professional career. My time at KOI was memorable, with friendly and supportive teachers and helpful student services. The education was excellent, and the tuition was reasonable, so I decided to continue with a Master of Accounting there. I also received an Academic Excellence Certificate, thanks to KOI's support. I highly recommend KOI to international students.

Sandrene Solitario Mirador
Master of Professional Accounting
Philippines

'My overall experience with KOI has been really amazing. It created a lot of opportunities for me. I have met a lot of people from different countries and I have very good friends with them. Not only that my technical skills were developed, also later on it helped me greatly establish my career and my job hunting process. After two weeks of completion of my study, I was offered a position full time in Accounting. Teachers and staff here at KOI are very supportive. Especially when the COVID happened. They were all very supportive when we moved to virtual meetings, zoom classes. They provided a lot of resources for us. I would like to thank King's Own Institute for helping and supporting us all these years. Overall, I am very satisfied with the quality of education here.'

MASTER OF INFORMATION SYSTEMS SPECIALISATIONS

The Master of Information Systems provides a comprehensive professional qualification, equipping students with the necessary skills to excel in various industries. Designed for those with or without prior tertiary education in IT or information systems, this program is ideal for individuals looking to either update their qualifications or start fresh in the field. The course prepares students for continuous professional growth, fostering the expertise needed to become digital thinkers and future business leaders.

Graduates will be well-prepared for diverse career opportunities, including roles such as Business Analyst, Systems Analyst, ICT Manager, and ICT Consultant.

COURSE STRUCTURE

The program consists of 16 subjects completed over 4 trimesters (full-time study). It begins with foundational subjects in business management, information systems, programming, and database design. As students progress, they develop core skills in business analytics, business intelligence, systems analysis and design, user experience, and professional practice.

In the third and fourth trimesters, students can choose from two specialisations: **Business Analytics** and **Information Security** or select from a range of electives to deepen their knowledge in areas of interest.

BUSINESS ANALYTICS

INFORMATION SECURITY

COURSE LEARNING OUTCOMES

Critical Thinking : Synthesise and evaluate current information systems theories to develop complex systems that enhance organisational performance.

Communication : Effectively communicate solutions to stakeholders to drive digital transformation in businesses.

Problem Solving : Apply knowledge and recent developments in information systems to identify and solve problems.

Professionalism : Demonstrate autonomy, judgement, decision-making, and accountability in professional practice.

Ethics : Practice in a professionally responsible and ethical manner.

Lifelong Learning : Engage in continuous learning to enhance professional skills and knowledge in information systems.

- IT/General Elective

WHAT YOU CAN BECOME

- Entry level employment in Information Technology/Information Systems

‘ I completed my master's in IT with a specialisation in Cybersecurity at KOI. I chose KOI for its reputation for quality education, accreditation, and international recognition. A highlight of my time was the capstone project, where I worked with a real client. KOI's standout feature is its highly qualified faculty, who are active professionals in their fields. I highly recommend KOI to anyone pursuing an IT career, as it offers excellent education and career preparation. ,

Jake David Calub
Master of Information Technology
Philippines

'I have completed my master's degree in IT at KOI. I had previously taken some courses, and my teachers suggested KOI. After doing my research and looking for a school to pursue my master's degree, KOI was one of the top searches on Google. When I looked at KOI website, I saw that KOI offers many courses and have a master's degree in IT, which I was looking forward to studying. Therefore, I decided to study at KOI. During my time at KOI, everything was going through big changes after COVID, and my course was transitioned from face-to-face to online. However, it went very smoothly; all the teachers were very helpful, and it made my study experience great.'

'I chose KOI not just for the reasonable tuition fees and convenient locations, but also because of the excellent facilities and the incredibly supportive staff. What really stood out to me was how the course provided real-life work experience starting from the very first trimester. The program is truly student-centered, offering practical skills and knowledge that are directly applicable to your future career. I would highly recommend KOI to anyone considering studying in Australia. I'm confident you'll love it just as much as I did.'

KOI
STUDENT SUPPORT SERVICES

Our friendly student support team members are available for face to face meetings, by email and by phone. Your queries may relate to your timetable, taking a trimester break, course progression, special consideration, MAP (Monitoring Academic Progress), LSC (Learning Skills Centre), counselling support, grades or letters to government departments.

Personal emergencies: in the event that you (or your family) have a personal emergency that will affect your studies, you need to let KOI know as soon as possible.

Please contact the Student Services Team in the first instance. The Student Services Team can be contacted through KOI Reception or email (**studentserv@koi.edu.au**).

COUNSELLING SERVICES

At KOI, there is a Counselling team made up of qualified counsellors who are trained to work with students on any issues of concern. Students are encouraged to access the free, confidential counselling services as early as possible before their studies are affected.

The counselling team provides support in the follow areas:

• Support and transition to Higher Education studies
• Motivational support
• Personal skills development
• Anxiety, stress and management
• Exam stress management and time management
• Life style and study balance

Our services are available to all currently enrolled KOI students. Services include:

• Short term solution focused counselling
• Cognitive Behavioural Therapy (CBT)
• Mindfulness
• Short to medium term counselling

The counselling team can be contacted for bookings via the counselling email address, **counselling@koi.edu.au** or phone **+61 (2) 9283 3583** (ext:2400).

KOI EMERGENCY NUMBER (AFTER-HOURS CONTACT NUMBER)

KOI is available on emergency after hours contact numbers for matters that may be critical. Please use the after-hours emergency contact numbers **1800 313 153** or **1800 313 155** .

STUDENTS HELPING STUDENTS (SHS) PROGRAM

The Students Helping Students Program offers students a supportive and encouraging space to kick start their journey at KOI.

The program is open to all students and introduces international students to a more experienced student called a Peer Mentor who can help make the transition to KOI easier.

Peer Mentors are experienced and friendly international students who are available to answer questions about learning at KOI or living in Australia.

KOI Peer Mentoring will help you:

• set and achieve goals
• meet peers and build networks
• gain valuable insights about student life and learning at KOI
• empowering you to succeed academically and socially.

To register, please email **SHS@koi.edu.au**

Pratik Ale Magar
Bachelor of Information Technology
Nepal

'I would recommend KOI to everyone. Compared to the fees range with other colleges, also from other friends who are paying the same fees but they are not getting the same amount of skills and qualifications, KOI is providing excellent skills and practical courses. KOI is very strict on the assignments however KOI gives us great opportunities to learn practical skills.'

Prathi Sudhir Shah
Master of Professional Accounting
India

'I came to Sydney from India for a higher education degree program, but after thoughtful consideration in various ways, I transferred my education provider to King's Own Institute. It has been such a wonderful journey studying and living in Sydney that has brought the best out of myself who have endless opportunities ahead. Dream big and aspire high!'

HOW TO APPLY

1 SUBMIT YOUR APPLICATION

• Submit all your documents through the KOI Applicant Portal - koi.edu.au/future-students/apply-online

• Or you can apply through one of KOI's authorised agents - koi.edu.au/partners/agents

2 LETTER OF OFFER

If your application satisfies English proficiency and academic entry requirements, you will receive a Letter of Offer.

The Letter of Offer will include the following information:

• the applicant's identification details
• details about the nominated course, non-award subject or cross-institutional study
• dates for orientation, course start and finish
• normal course duration
• indicative fees and charges, due dates for payment and the refund policy
• KOI Genuine Student (GS) Assessment Form
• specified course credit (refer to the KOI Credit Transfer Policy for more details)
• any other relevant details or conditions

3 ACCEPT YOUR OFFER

To accept your place at King's Own Institute (KOI), please do the following:

(1) sign the "**Acceptance of Offer**" form

(2) **make a tuition fees payment** as indicated in your Letter of Offer

(3) provide any other required documents/information

(4) **submit the above documents** to Admissions (admissions@koi.edu.au)
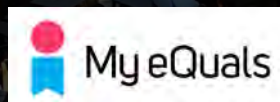

4 OBTAIN A STUDENT VISA

Upon receipt of your Acceptance of Offer form, required tuition fees and other required documentation, KOI will issue an electronic Confirmation of Enrolment (CoE).

Utilise the CoE as a basis for your student visa application in accordance with the regulations outlined by the Australian Department of Home Affairs. www.homeaffairs.gov.au

Note: Step 4 applies to international students only.

27th
KOI GRADUATION CEREMONY

AT SYDNEY TOWN HALL

Digital Credentials

Available at KOI

My eQuals is Australia's official tertiary credentials platform for universities, TAFEs and tertiary education providers. It makes it easy for Education Providers, Learners and Verifiers to view, share and verify certified tertiary credentials online.
